Responsibility for Information Contained in this Document

The Company and the Directors, whose names appear on page 7 of this document, have taken all reasonable care and made all reasonable enquiries to ensure that the facts stated in this document are true and accurate in all material respects and that there are no other material facts the omission of which would make misleading any statement in this document, whether of fact or opinion. The Company and the Directors accept full responsibility accordingly.

Regulatory requirements which may be deemed necessary in Jersey for the protection of retail or inexperienced investors do not apply to Listed Funds. By investing in the Company investors are deemed to be acknowledging for the purposes of Jersey regulation that they are a professional or experienced investor, or have taken appropriate professional advice, and accept the reduced requirements accordingly.

Investors are wholly responsible for ensuring that all aspects of the Company are acceptable to them. Investment in Listed Funds may involve special risks that could lead to a loss of all or a substantial portion of such investment. Unless investors fully understand and accept the nature of the Company and the potential risks inherent in the Company they should not invest in the Company.

Further information in relation to the regulatory treatment of listed funds domiciled in Jersey may be found on the website of the JFSC at www.jerseyfsc.org.

Forward-looking Statements

This document includes statements that are, or may be deemed to be, "forward-looking statements". These forward-looking statements can be identified by the use of forward-looking terminology, including, without limitation, the terms "believes", "expects", "intends", "anticipates", "aims", "estimates", "may", "will", "would", "could" or "should" or other variations or comparable terminology or, in each case, their negative. Forward-looking statements appear in a number of places throughout this document and include, without limitation, statements regarding the current beliefs, expectations or intentions of the Company, the Directors, the Manager and/or the Investment Manager concerning, among other things, the performance and prospects of the Company and the Shares.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future and, accordingly, forward-looking statements may, and often do, differ materially from actual results. Given these risks and uncertainties, Shareholders are cautioned not to place any undue reliance on such forward-looking statements.

Forward-looking statements in this document apply only as at the date of this document. Subject to its legal and regulatory obligations (including under the TISE Listing Rules), the Company undertakes no obligation publicly to update or revise any forward-looking statement contained in this document to reflect any change in expectations with regard to any such statement, or any change in events, conditions or circumstances on which any such statement is based, after the date of this document.

For the avoidance of doubt, nothing in this section "Forward-looking Statements" constitutes a qualification of the working capital statement contained in paragraph 5 of Part 5 of this document.

Data Protection

The information that a Shareholder or prospective investor in the Company provides in documents in relation to the subscription or acquisition of Shares or subsequently by whatever means which relates to the Shareholder or prospective investor (if it is an individual) or a third party individual (including any sensitive personal data) ("**personal data**") will be held and processed by the Company (and any third party in Jersey to whom it may delegate certain administrative functions in relation to the Company) in

compliance with the relevant data protection legislation and regulatory requirements of Jersey. Each Shareholder and prospective investor acknowledges and consents to such information being held and processed by the Company (or any third party, functionary or agent appointed by the Company) for the following purposes:

- (i) verifying the identity of the Shareholder or prospective investor to comply with statutory and regulatory requirements in relation to anti-money laundering procedures;
- (ii) contacting the Shareholder or prospective investor with information about other products and services provided by the Company, the Manager, the Investment Manager or any of their respective affiliates, which may be of interest to the Shareholder or prospective investor;
- (iii) carrying out the business of the Company and the administering of interests in the Company;
- (vi) meeting the legal, regulatory, reporting and/or financial obligations of the Company in Jersey or elsewhere; and
- (v) disclosing personal data to other functionaries of, or advisers to, the Company to operate and/or administer the Company.

By investing in the Company and/or continuing to invest in the Company, each Shareholder and prospective investor shall be deemed to acknowledge and consent that, where appropriate, it may be necessary for the Company (or any third party service provider, functionary or agent appointed by the Company) to:

- (a) disclose personal data to third party service providers, agents or functionaries appointed by the Company or its agents to provide services to Shareholders or prospective investors; and
- (b) transfer personal data outside of the EEA to countries or territories which do not offer the same level of protection for the rights and freedoms of prospective investors as Jersey.

If the Company (or any third party service provider, functionary or agent appointed by the Company) discloses personal data to such a third party, agent or functionary and/or makes such a transfer of personal data it will use reasonable endeavours to ensure that any third party, agent or functionary to whom the relevant personal data is disclosed or transferred is contractually bound to provide an adequate level of protection in respect of such personal data.

To Shareholders

Dear Shareholder

Introduction

On 3 May 2017, the Company announced that the Board was reviewing, with its advisers, a potential bonus issue of Subscription Shares to existing Shareholders. The Board has concluded that the Bonus Issue is in the best interests of Shareholders as a whole and, accordingly, subject to Shareholder approval, has decided to proceed with the Bonus Issue.

The purpose of this document is to provide you with details of the Bonus Issue and to explain the benefits of the Bonus Issue. The Board is recommending that you vote in favour of the special resolutions to be proposed at the extraordinary general meeting of the Company to be held at 12 noon on Wednesday, 13 December 2017.

Details of the Bonus Issue

The Bonus Issue

The Company is proposing to issue Subscription Shares, by way of a bonus issue, to Qualifying Shareholders on the register of members at 5.00 p.m. on Wednesday, 13 December 2017 on the basis of one Subscription Share for every two Ordinary Shares then held, subject to the EGM Resolution being passed and Admission becoming effective. Fractions of Subscription Shares will not be issued and entitlements will be rounded down to the nearest whole number of Subscription Shares. The Subscription Shares will be issued at a price of 1 pence per share and shall be capitalised out of the reserve account and credited on issue as fully paid up.

Terms of the Subscription Shares

Each Subscription Share will confer the right (but not the obligation) on any Subscription Date to subscribe for one Ordinary Share on exercise of the Subscription Share Rights and on payment of the Subscription Price.

The Subscription Share Rights may be exercised on the last Business Day in November in any of the years 2018, 2019 or 2020 and, if not exercised on the last Business Day in November 2020, will lapse. The Ordinary Shares arising on exercise of the Subscription Share Rights will be allotted within 10 Business Days of the relevant Subscription Date.

The Subscription Price will be equal to the published unaudited NAV per Ordinary Share as at the close of business on Wednesday, 13 December 2017 plus a premium depending on the year in which they are exercised (with the resulting Subscription Price being rounded to two decimal places). The

premiums (and the resulting Subscription Price), which reflect the Board's confidence in the Company's medium to long term prospects and its hope that Subscription Shareholders will be able to exercise their Subscription Share Rights and acquire Ordinary Shares on favourable terms in the future, will be as set out in the following table.

<i>Subscription Date</i>	<i>Premium - Percentage of Relevant NAV</i>
Last Business Day in November 2018	5%
Last Business Day in November 2019	10%
Last Business Day in November 2020	20%

The Subscription Price payable on each Subscription Date is expected to be announced on Thursday, 14 December 2017 by means of an announcement concurrently via the TISE website (www.tisegroup.com) and a Regulatory Information Service.

The New Articles will provide that the Subscription Price will be subject to adjustment on the occurrence of certain corporate events affecting the Company before the final Subscription Date (being the last Business Day in November 2020). The relevant corporate events include consolidations or subdivisions of share capital, pre-emptive offers of securities to Ordinary Shareholders, takeover offers and the liquidation of the Company. Such adjustments serve to protect either the intrinsic value or the time value of the Subscription Shares, or both.

Subscription Shares will rank *pari passu* with each other and will not carry the right to receive any dividends from the Company or to attend and/or vote at general meetings of the Company (although the holders of the Subscription Shares have the right to vote in certain circumstances where there is a variation of the rights attached to the Subscription Shares).

The full rights attaching to the Subscription Shares are set out in Part 6 of this document.

Settlement, Admission and Dealings

The Subscription Shares (and the Ordinary Shares resulting from the exercise of Subscription Share Rights) will be in registered form and may be issued in uncertificated form (in which case they will be eligible for clearing through CREST) or certificated form. No temporary documents of title will be issued. Pending despatch of definitive certificates (which will be sent through the post at the risk of the Shareholders entitled to them), transfers of Shares in certificated form will be certified against the Company's share register.

Applications will be made for up to 37,792,246 Subscription Shares to be admitted to listing on the TISE and to trading on the London Stock Exchange's SETSqx platform. It is expected that Admission will become effective and that dealings in the Subscription Shares will commence on Friday, 15 December 2017. On Admission, the Subscription Shares will confer rights to subscribe for new Ordinary Shares representing, in aggregate, up to 50 per cent. of the Ordinary Shares then in issue.

Applications will also be made for Ordinary Shares resulting from the exercise of Subscription Share Rights to be admitted to listing on the TISE and to trading on SETSqx. It is expected that such admissions will become effective within 14 days of the relevant Subscription Date.

The Ordinary Shares resulting from the exercise of Subscription Share Rights will rank *pari passu* with the Ordinary Shares then in issue (save for any dividends or other distributions declared, made or paid on the Ordinary Shares by reference to a record date prior to the relevant Subscription Date in respect of which the relevant Subscription Share Rights were exercised).

Restricted Shareholders

The issue of the Subscription Shares to persons who have a registered or mailing address in Restricted Territories may be affected by the law or regulatory requirements of the relevant jurisdiction. Accordingly, the Subscription Shares to be issued pursuant to the Bonus Issue will not be issued to Restricted Shareholders. Instead, the Board will issue any Subscription Shares due under the Bonus Issue to Restricted Shareholders to a market maker who will sell such Subscription Shares promptly at the best price obtainable. The net proceeds of sale will be paid to the Restricted Shareholders entitled

to them save that entitlements of less than £5.00 per Restricted Shareholder will be retained by the Company for its own account.

Notwithstanding any other provision of this document the Company reserves the right to permit any Shareholder to receive Subscription Shares pursuant to the Bonus Issue if the Company, in its sole and absolute discretion, is satisfied at any time prior to the EGM that the issue of Subscription Shares to such Shareholder is exempt from, or not subject to, the legislation or regulations giving rise to the restrictions in question. **Any Restricted Shareholder who is in any doubt as to their position should consult an appropriate independent professional adviser without delay.**

Taxation

The attention of Shareholders is drawn to the summary of tax matters set out in Part 7 of this document.

Costs of the Bonus Issue

The costs and expenses incurred in connection with the Bonus Issue and Admission are estimated to amount to approximately £100,000. These costs and expenses will be borne by the Company and will be taken into account in calculating the Company's net assets and the NAV per Ordinary Share with effect from the date of this document.

Proceeds Resulting from the Exercise of Subscription Share Rights

Although there can be no certainty as to whether any or all of the Subscription Share Rights will be exercised, if the Bonus Issue proceeds and all of the Subscription Share Rights were exercised in full, the maximum net proceeds that could arise on such exercise would be approximately £9.6 million (if all exercised on the first Subscription Date) or £10.9 million (if all exercised on the last Subscription Date), based on the unaudited NAV per Ordinary Share of 24.25 pence as at 22 November 2017 and assuming that 37,792,246 Subscription Shares are issued pursuant to the Bonus Issue.

Implementation of the Bonus Issue

Implementation of the Bonus Issue is conditional on the EGM Resolution being passed. If passed, the EGM Resolution will:

- approve the adoption of the New Articles containing the rights attaching to the Subscription Shares;
- authorise the Directors to allot the Subscription Shares pursuant to the Bonus Issue and the Ordinary Shares pursuant to any exercise of the Subscription Share Rights;
- authorise the capitalisation of sums standing to the credit of the Company's reserve accounts or other resources (including the profit and loss account) available for distribution to Ordinary Shareholders in paying up in full the Subscription Shares to be issued pursuant to the Bonus Issue; and
- grant the Company a general authority to buy-back in the market up to 14.99 per cent. of the Subscription Shares issued pursuant to the Bonus Issue at a price not exceeding 5 per cent. above the average mid-market values of a Subscription Share for the five business days in London preceding the date on which the buy-back is made (further information on this authority is set out in paragraph 9 of Part 2 of this document).

Implementation of the Bonus Issue is also conditional on Admission becoming effective.

Benefits of the Bonus Issue

The Directors believe that the Bonus Issue will have the following advantages:

- Subscription Shares should represent an attractive way for investors to participate in any future NAV growth of the Company through conversion into Ordinary Shares at a predetermined price;
- Qualifying Shareholders will receive securities:
 - with a monetary value;
 - which may be traded in a similar fashion to their existing Ordinary Shares or, in due course, converted into Ordinary Shares; and

- which are qualifying investments for the purposes of an ISA and permitted investments for the purposes of a SIPP;
- on any exercise of the Subscription Share Rights, the capital base of the Company will increase, allowing operating costs to be spread across a larger number of Ordinary Shares, and this may cause the ongoing charges as a percentage of the NAV per Ordinary Share to fall;
- following the exercise of any Subscription Share Rights, the Company will have an increased number of Ordinary Shares in issue which may improve the liquidity in the market for the Ordinary Shares; and
- the Bonus Issue may broaden the Ordinary Shareholder base as the Subscription Shares are dispersed in the market, attracting new investors and improving liquidity for Ordinary Shareholders.

New Memorandum and Articles of Association

If the EGM Resolution is passed, the New Articles will be adopted in place of the Existing Articles. The New Articles will set out the rights attaching to the Subscription Shares (being the rights are also set out in Part 6 of this document). In addition, the New Articles will increase the maximum remuneration for Directors to £30,000 per Director per annum (the aggregate remuneration of the current highest paid Director is £24,000).

Save for inclusion of the rights attaching to the Subscription Shares, there are no material differences between the Existing Articles and the New Articles. The New Articles will be on display at the registered office of the Company from the date of this document until the end of the EGM.

Extraordinary General Meeting

An extraordinary general meeting of the Company has been convened for 12 noon on Wednesday, 13 December 2017, which will be held at the offices of R&H Fund Services (Jersey) Limited at Ordnance House, 31 Pier Road, St. Helier, Jersey JE4 8PW. The notice convening the EGM is set out in Part 11 of this document.

A special resolution will be proposed at the EGM to adopt the New Articles in place of the Existing Articles. As the EGM Resolution will be proposed as a special resolution, at least three-quarters of the votes cast must be in favour of it. The Board is recommending Shareholders to vote in favour of the EGM Resolution.

All Shareholders are entitled to attend and vote at the EGM. In accordance with the Articles, all Shareholders present in person or by proxy shall have, on a show of hands, one vote and, on a poll, one vote in respect of every Ordinary Share held.

In order to ensure that a quorum is present at the EGM, it is necessary for two Shareholders entitled to vote to be present, whether in person or by proxy (or, if a corporation, by a representative).

Action to be Taken

The only action you need to take is to complete the accompanying Form of Proxy and return it by post to the address set out on it as soon as possible and, in any event, so as to be received by not later than 12 noon on Monday, 11 December 2017.

The completion and return of a Form of Proxy will not prevent you from attending the EGM and voting in person if you wish to do so.

Recommendation

The Board, which has received financial advice from Cantor Fitzgerald, considers that the Bonus Issue and the passing of the EGM Resolution are in the best interests of the Company and its Shareholders as a whole. In providing its financial advice, Cantor Fitzgerald has taken into account the Board's commercial assessment of the effects of the Bonus Issue.

The Board unanimously recommends Shareholders to vote in favour of the EGM Resolution. The Directors intend, where voting rights are exercisable, to vote in favour of the EGM Resolution in respect of their own beneficial holdings of Ordinary Shares, which amount to 3,684,000 Ordinary Shares in aggregate (representing approximately 0.93 per cent. of the Ordinary Shares in issue as at 22 November 2017).

Yours faithfully

George Baird (*Chairman*)

PART 2

INFORMATION ON THE COMPANY

1. Introduction

Geiger Counter Limited is a closed-ended investment company incorporated with limited liability in Jersey on 6 June 2006, which was established to provide a listed entity for investors to gain exposure to the Company's investment strategy within the uranium sector. The Company is regulated by the Jersey Financial Services Commission as a listed fund in accordance with the Jersey Funds Law and the Jersey Listed Fund Guide.

The Company currently has only Ordinary Shares in issue. The Ordinary Shares are currently admitted to listing on the TISE and to trading on the London Stock Exchange's SETSx platform. The Company's market capitalisation was £17.3 million as at 22 November 2017.

The Company has appointed CQS Cayman Limited Partnership as its investment manager and, under the Investment Management Agreement and Investment Advisory Agreement, CQS has delegated, with the agreement of the Board, that function to CQS (UK) LLP (trading as New City Investment Managers). The Company has appointed New City Investment Managers as its AIFM.

As at 22 November 2017:

- (i) the Company had total assets of £22.7 million and borrowings, in the form of short-term bank debt, of £4.3 million;
- (ii) the NAV per Ordinary Share was 24.25 pence; and
- (iii) the closing middle market price per Ordinary Share was 23.875 pence, representing a discount of 1.6 per cent. to the NAV per Ordinary Share.

2. Investment Objective

The Company's investment objective is to deliver attractive returns to shareholders principally in the form of capital growth. The Directors and the Investment Manager believe that such returns can be obtained by investing in a selective portfolio of securities and other instruments predominantly in the uranium sector.

3. Investment Opportunity

The fundamentals for uranium continue to improve following the announcement at the start of 2017 that the world's largest and lowest cost producer Kazakhstan, accounting for 40 per cent. of global supply, would cut production by 10 per cent. in 2017. The Investment Manager expects this cut to continue into 2018, with further cuts even possible if it is insufficient to support pricing.

Years of underinvestment due to low pricing have resulted in declining production, with the closure of a number of higher cost mines. The demand side is improving significantly, with Japan having restarted five reactors, with a further four restarts planned in the next 12 months. China continues to lead the way for the build out of new reactors and should surpass the US's reactor capacity by 2026, as they add six to eight reactors per year, led by their drive to improve air quality within major urban areas, as nuclear energy remains the only carbon free source of base load power generation. The variability of renewable generation creates issues for grid networks, whilst still remaining significantly more expensive than nuclear energy. The negative policies put in place in the US under the Obama administration, favouring renewable energy over all other sources, looks likely to become more balanced, with renewable energy generation subsidies being scaled back. Nuclear energy remains the lowest cost base load power provider for an existing reactor within the US, whilst in China it is even cheaper including the construction cost per KWh against a coal power station with carbon capture.

4. Investment Policy and Approach

The Company has been established to invest in the securities of companies involved in the exploration, development and production of energy and related service companies in the energy sector, including, but not limited to, shares, convertibles, fixed income securities and warrants. The main focus of the Company is on companies involved in the uranium industry, but up to 30 per cent of gross assets may be invested in other resource-related companies.

The Directors review the Company's investment policy and approach on an annual basis. Changes to the investment policy may be prompted, amongst other things, by changes in government policies or economic conditions which alter or introduce additional investment opportunities or risks. However, the Company may only make material changes to its investment policy with the approval of Shareholders (in the form of an ordinary resolution). In addition, any changes to the Company's investment policy will require the prior consent of the JFSC to the extent that they are contrary to the terms of the JFSC's Jersey Listed Fund Guide or any of the JFSC's published policies applicable to Listed Funds (as defined in that guide).

In the event of a breach of any investment restriction referred to in this paragraph 4, the Investment Manager will inform the Company upon becoming aware of the same and, if the Board considers the breach to be material, Shareholders will be notified by an announcement concurrently via the TISE website (www.tisegroup.com) and a Regulatory Information Service.

5. Borrowing Powers

Under the Articles, the Company has the power to borrow money in any manner, subject to a limit on the maximum amount that the Company may borrow of 50 per cent. of the value of the Company's gross assets. However, the Board sets borrowing limits from time to time to ensure gearing levels are appropriate to market conditions and reviews these on a regular basis. As at 22 November 2017, the Board had set a limit on the maximum amount that the Company may borrow of 35 per cent. of its Net Asset Value.

The Company has a prime brokerage facility with Credit Suisse AG, Dublin Branch, under which Credit Suisse may, in its sole discretion, make advances to the Company, as and when requested by the Company, which enables the Company to deploy financial gearing. As at 22 November 2017, had outstanding indebtedness of £4.3 million under such facility, which is used primarily to facilitate the short-term cash management of the Company (for example, to settle investment transactions) or to take advantage of particularly attractive investment opportunities while funds are realised from the Investment Portfolio.

6. Historical Performance

The Ordinary Share NAV and price total returns over various periods ended 22 November 2017 are shown in the following table.

<i>Ordinary Shares - Total Returns to 22 November 2017 (%)</i>					
	<i>6 Months</i>	<i>1 Year</i>	<i>3 Years</i>	<i>5 Years</i>	<i>10 Years</i>
NAV	8.8	23.5	-17.2	-37.7	-74.2
Share Price	12.3	27.1	-8.0	-20.1	-77.1

The price at which the Ordinary Shares traded relative to their NAV at the end of each month over the period from July 2006 to October 2017 is shown in the following chart.

7. Dividend Policy

It is not envisaged that any income derived from the Company's investments will be distributed by way of dividend. This does not preclude the Directors from declaring a dividend on the Ordinary Shares at any time in the future if they consider it appropriate to do so. To the extent that a dividend is declared, it will be paid in compliance with any applicable laws.

8. Further Issues of Shares

The Company intends to issue further Ordinary Shares pursuant to any exercise of the Subscription Share Rights and otherwise as and when it is considered by the Board appropriate to do so. Save for the issue of Subscription Shares pursuant to the Bonus Issue, at the date of this document the Company does not intend to issue any further Subscription Shares.

There are no provisions in Jersey Companies Law equivalent to sections 561 to 576 (inclusive) of the UK's Companies Act 2006, which confer pre-emption rights on existing shareholders in connection with the allotment or issue of equity securities for cash. However, pursuant to the TISE Listing Rules, other than pursuant to the exercise of the Subscription Share Rights, Ordinary Shares may not be issued at a price which represents a discount of more than 10 per cent. to the middle market price (or, if higher, a price less than the NAV per Ordinary Share) unless authorised by a majority of the holders of the Ordinary Shares or offered first on a *pro rata* basis to those holders.

The proceeds from any issue of Ordinary Shares will be invested in accordance with the Company's investment objective, policy and approach.

9. Buy-backs of Shares

The Directors believe that the most effective means of minimising any discount to NAV at which the Ordinary Shares may trade is to deliver strong, consistent performance from the Investment Portfolio in both absolute and relative terms. However, the Board recognises that wider market conditions and other considerations affect the rating of the Ordinary Shares and, subject to the requirements of Jersey Companies Law, the Articles and other applicable legislation, the Board may seek to limit the level and volatility of any discount to NAV at which the Ordinary Shares may trade by the Company buying back Ordinary Shares in the market in order to address any imbalance between the supply of and demand for Ordinary Shares or to enhance the NAV per Ordinary Share.

A special resolution was passed at the Company's annual general meeting on 7 March 2017 granting the Directors general authority to buy-back in the market up to 14.99 per cent. of the Ordinary Shares in issue

at a price not exceeding 5 per cent. above the average mid-market values of an Ordinary Share for the five business days in London before the buy-back is made. That authority expires on 7 September 2018. If the EGM Resolution is passed at the EGM, the Company will be granted a general authority to buy-back in the market up to 14.99 per cent. of the Subscription Shares issued pursuant to the Bonus Issue at a price not exceeding 5 per cent. above the average mid-market values of a Subscription Share for the five business days in London preceding the date on which the buy-back is made. That authority will expire 18 months from the date on which EGM Resolution is passed. The Directors intend to seek annual renewal of the authorities to buy-back Ordinary Shares and Subscription Shares at each annual general meeting of the Company.

In deciding whether to buy-back Shares in the market, the Directors will have regard to what they believe to be in the best interests of Shareholders as a whole and to the applicable Jersey legal requirements which require the Directors to be satisfied on reasonable grounds that the Company will, immediately after any such buy-back, satisfy a solvency test prescribed by Jersey Companies Law and any other requirements in its Articles. The making and timing of any buy-backs of Shares in the market will be at the sole and absolute discretion of the Board and, accordingly, no expectation or reliance should be placed on the Directors exercising such discretion on any one or more occasions. Any buy-backs of Ordinary Shares will only be made for cash at a discount to the NAV per Ordinary Share. Any buy-backs of Subscription Shares will only be made for cash at prices which do not adversely affect the diluted NAV per Ordinary Share.

Any Shares bought back by the Company will be cancelled.

The Company may borrow and/or realise investments in order to finance buy-backs of Ordinary Shares.

10. Life

The Company does not have a fixed life. However, as required by the Articles, Shareholders are given the opportunity to vote on an ordinary resolution to continue the Company at each annual general meeting of the Company. If any such resolution is not passed, the Board will put forward proposals at a subsequent extraordinary general meeting to liquidate, open-end or otherwise reconstruct or reorganise the Company.

PART 3

The duties of the committee in discharging its responsibilities include reviewing the annual and interim accounts, the terms of appointment of the auditor together with their remuneration and reviewing their independence and objectivity and effectiveness of the audit process and to review the Company's system of internal controls.

1.4 **Corporate Governance**

As a Jersey incorporated company, the Company is required to comply with the Jersey Funds Code. The Directors have taken the action that they consider appropriate to ensure that the appropriate level of corporate governance for an investment company incorporated in Jersey whose securities are listed on the TISE is attained and maintained. For the purposes of assessing compliance with the Jersey Funds Code, the Board considers all of the Directors to be independent of the Manager and the Investment Manager.

1.5 **General**

Further information on the Directors is set out in paragraph 4 of Part 9 of this document.

2. Investment Management

2.1 **The Manager and the Investment Manager**

The Company appointed New City Investment Managers Limited as its investment manager with effect from its launch on 7 July 2006. On 1 October 2007, New City Investment Managers Limited joined the CQS Group, becoming a CQS Group company. On becoming a member of the CQS Group, New City Investment Managers Limited's rights and obligations under the investment management agreement between the Company and New City Investment Managers Limited were novated to CQS Cayman Limited Partnership. Consequently, CQS became the Company's investment manager.

CQS has delegated its investment management and advisory functions, powers, authorities, duties and discretions to CQS (UK) LLP, trading as New City Investment Managers, but has retained overall responsibility for all acts or omissions of NCIM carried out as a consequence of such delegation. NCIM also acts as the Company's AIFM.

The CQS Group is a global diversified asset manager running multiple strategies, with US\$13.9 billion assets under management (including mandates with discretionary management, sub-investment discretionary management, investment advice, collateral management and intermediation) as at 31 October 2017. As at 31 October 2017, NCIM had assets under management of £415.9 million on behalf of four closed-ended investment companies, three of which (including the Company) focus on natural resources whilst the fourth focuses on the high yield sector. NCIM's investment team of three fund management professionals have a wealth of experience across the natural resources and high yield sectors and is supported by the broader CQS Group. NCIM is authorised and regulated in the UK by the FCA.

2.2 Co-fund Managers

The Investment Portfolio is jointly managed by Keith Watson and Robert Crayfoud, who also co-manage NCIM's two other natural resources investment company clients.

Keith Watson: Keith Watson joined NCIM in July 2013 from Mirabaud Securities where he was a senior natural resource analyst. Prior to Mirabaud, he was director of mining research at Evolution Securities. Previous to this, he was a top-ranked business services analyst at Dresdner Kleinwort Wasserstein, Commerzbank and Credit Suisse/BZW. He began his career in 1992 as a portfolio manager and research analyst at Scottish Amicable Investment Managers. Mr Watson holds a BSc (Hons) in Applied Physics from Durham University.

Robert Crayfoud: Prior to joining CQS in 2011, Rob Crayfoud was an analyst at the Universities Superannuation Scheme and HSBC Global Asset Management where he focussed on the resources sector. Mr Crayfoud is a CFA charter holder and holds a BSc in Geological Sciences from the University of Leeds.

2.3 Investment Management Agreement

Under the Investment Management Agreement, CQS (and NCIM, as its delegate appointed in accordance with, and as permitted by, the Investment Management Agreement and Investment Advisory Agreement) has agreed, *inter alia*, to manage, invest, realise and reinvest the Company's investments and cash in accordance with its investment policy.

CQS is entitled to an annual investment management fee, payable by the Company monthly in arrears, of 1.375 per cent. of the Company's NAV (after adding back any accrued performance fee and bank borrowings). CQS is also entitled to an annual performance fee equal to 20 per cent. of the increase in the Company's NAV on the last business day in Jersey of each calendar year above an annual hurdle for growth of 8 per cent. and subject to a "high watermark". The investment management fee and performance fee (if any) are calculated by the Administrator. CQS is responsible for any fees payable to NCIM, including in its capacity as the Company's AIFM.

The Investment Management Agreement may be terminated, without cause, by either the Company or CQS giving to the other not less than 12 months' notice.

2.4 Potential Conflicts of Interest

The CQS Group may be involved in investment, financial or other professional activities for its own account, for the accounts of its employees and for other the managed accounts of other clients (including investment companies) in which the Company has no interest and, on occasion, such activities may give rise to conflicts of interest with the Company. In particular, NCIM may provide investment management, investment advice or other services in relation to other clients (including investment companies) which may have a similar investment strategy to that of the Company. The CQS Group may give advice and recommend securities to other managed accounts or investment funds which may differ from advice given to, or securities recommended or bought for, the Company, even though their investment strategies may be the same or similar. In addition, but subject applicable laws and regulations and any confidentiality obligations, in providing services to clients (including investment companies), the CQS Group may use information obtained by the CQS Group which is used in managing the Company's investments.

CQS and NCIM have regard to their obligations under the Investment Management Agreement to act in the best interests of the Company, so far as is practicable having regard to their obligations to other clients, when potential conflicts of interest arise. In the event of such a conflict of interest arising, NCIM will seek to resolve it fairly. In particular, NCIM will use its reasonable efforts to ensure that the Company has the opportunity to participate in potential investments identified by NCIM which fall within the Company's investment objective and policy on the best terms reasonably obtainable at the relevant time with the aim of ensuring that the principle of best execution is attained.

Certain inherent conflicts of interest arise from the fact that NCIM carries on other investment activities in which the Company has no interest. The Investment Management Agreement does not impose any specific obligations or requirements concerning the allocation of time, effort or investment opportunity by NCIM to the Company. NCIM's team will devote as much of their time to the activities of the Company as they deem necessary and appropriate. Neither NCIM nor any other member of the CQS Group are restricted from forming additional investment funds, from entering into other investment management or advisory relationships or from engaging in other business activities, even though such activities may be in competition with the Company and/or may involve substantial time and resources of NCIM. These activities could be viewed as creating a conflict of interest in that the time and effort of NCIM's team will not be devoted exclusively to the business of the Company, but will be allocated between the business of the Company and the management of the monies of other clients of the Investment Manager.

The Company may, whether for the account of the Company or otherwise to the extent permitted by applicable law, engage in transactions with the Investment Manager or its affiliates.

The Investment Manager may allocate a portion of the Company's assets to portfolio investments managed by the Investment Manager or its affiliates to the extent that the Investment Manager determines, in its sole discretion, that such portfolio investments represent an appropriate investment strategy for the Company.

- (vii) the ongoing costs of maintaining the listing of the Ordinary Shares on the TISE and the trading of the Ordinary Shares on the London Stock Exchange's SETSqx platform and enabling the Shares to be held and traded in uncertificated form;
- (viii) all promotional and marketing fees and expenses;
- (ix) the costs of preparing, printing and distributing financial and other reports, circulars, forms of proxy, listing documents and similar documents; and
- (x) the costs of holding general meetings of the Company.

8. Calculation and Publication of Net Asset Value

- 8.1 The unaudited NAV per Ordinary Share is calculated as at the close of business on each business day and announced by the Company as soon as practicable on the following business day via the TISE's website (www.tisegroup.com/market/companies/1395) and a Regulatory Information Service.
- 8.2 The Directors have delegated calculation of the Net Asset Value to the Administrator. The NAV of the Company is calculated by the Administrator by deducting the value of the liabilities of the Company (including any accrued management fee and any accrued performance fee) from the value of the Company's assets. The Company's assets and liabilities are valued on the same basis as the calculation of the NAV for the purpose of the Company's published financial statements and, accordingly, are valued in accordance with IFRS (as adopted by the EU) and Jersey Companies Law. The Directors may, at their discretion, permit any other method of valuation to be used if they consider that such method of valuation better reflects the relevant value and is in accordance with good accounting practice.
- 8.3 The Directors believe that it is unlikely that there will be circumstances as a result of which the calculation of the Net Asset Value would be suspended. However, if any such circumstances arose, suspension of the calculation of the NAV will be communicated to Shareholders by means of an announcement via the TISE's website (www.tisegroup.com) and a Regulatory Information Service. Should the calculation of the NAV be suspended for any period of time, the listed status of the securities of the Company on the TISE will be suspended.

PART 6

DETAILS OF THE SUBSCRIPTION SHARES

Subject to the EGM Resolution being passed and Admission becoming effective, the Subscription Shares are expected to be created and allotted by a resolution of the Board on with effect from Friday, 15 December 2017. The Subscription Shares will carry the rights set out in this Part 6, which will also be included in the New Articles and will be binding on all holders of Subscription Shares.

1. Subscription Share Rights

- 1.1 A registered holder for the time being of a Subscription Share (a **"Subscription Shareholder"**) shall have a right, exercisable on an annual basis by notice to the Company in the 28 days preceding the last Business Day in November in 2018, 2019 and 2020 (each such date being a **"Subscription Date"** and the last Business Day in November 2020 being the **"Final Subscription Date"**), to subscribe in cash for one Ordinary Share at the price per Ordinary Share to be determined by the Company as being equal to the published unaudited NAV per Ordinary Share as at the close of business on Wednesday, 13 December 2017 (the **"Relevant NAV"**) plus a premium as set out in the following table (the **"Subscription Share Right"**):

Subscription Date	Premium - Percentage of Relevant NAV
Last Business Day in November 2018	5%
Last Business Day in November 2019	10%
Last Business Day in November 2020	20%

and rounded to two decimal places (the **"Subscription Price"**), provided that:

- (i) the Subscription Price (and/or the number of Subscription Shares outstanding) will be subject to adjustment as provided in paragraph 2 of this Part 6; and
- (ii) unless the context otherwise requires, references to the Subscription Price in this Part 6 shall be deemed to be to the Subscription Price which will be payable (subject to any adjustments pursuant to paragraph 2 of this Part 6) at the next Subscription Date.

The Relevant NAV will be calculated in accordance with the Company's accounting policies (including revenue items for the current financial year) less all prior charges and other creditors at their fair value (including the costs of the Bonus Issue). It is expected that the Subscription Price will be announced via the TISE's website (www.tisegroup.com) and a Regulatory Information Service on or around Thursday, 14 December 2017.

- 1.2 Subscription Shares will be issued in registered form and may be held in either uncertificated form (**"Uncertificated Subscription Shares"**) or certificated form (**"Certificated Subscription Shares"**). In the case of:
- (i) Uncertificated Subscription Shares, a Subscription Shareholder's title to such Subscription Shares will be recorded in the Register as being held in such form as will by virtue of the relevant uncertificated securities rules enable the transfer of title to the Subscription Shares to be effected without a written instrument by means of a relevant electronic system (a **"Relevant Electronic System"**); and
 - (ii) Certificated Subscription Shares, a Subscription Shareholder will be entitled to a share certificate in respect of their holding of Subscription Shares.
- 1.3 Not earlier than 56 days nor later than 28 days before each Subscription Date, the Company shall give notice in writing to the holders of the outstanding Subscription Shares reminding them of their Subscription Share Rights and, in relation to any Uncertificated Subscription Shares, stating the form of Uncertificated Subscription Notice prescribed by the Directors. For the purposes of this Part 6, an **"Uncertificated Subscription Notice"** shall mean a properly authenticated dematerialised instruction and/or other instruction or notification received by the Company (or by such person as it may require for these purposes) in such form and subject to such terms and conditions as may from

time to time be prescribed by the Directors (subject always to the regulations, facilities, rules and requirements of the Relevant Electronic System).

- 1.4 The Subscription Share Rights which are conferred by any Uncertificated Subscription Shares on the relevant Subscription Date shall be exercisable, in whole or in part, and treated by the Company as exercised on the relevant Subscription Date if, during the period of 28 days ending on the relevant Subscription Date (and, in any case, not later than 5.00 p.m. on that date):
- (i) an Uncertificated Subscription Notice is received; and
 - (ii) a remittance for the aggregate Subscription Price for the Ordinary Shares in respect of which the Subscription Share Rights are being exercised is received by the Company (or by such person as it may require for these purposes).

The Directors may, in addition but subject to the regulations, facilities, rules and requirements of the Relevant Electronic System, determine when any such Uncertificated Subscription Notice and any such remittance is to be treated as received by the Company (or by such person as it may require for these purposes). Without prejudice to the generality of the foregoing, the effect of the Uncertificated Subscription Notice may be such as to divest the holder of the Subscription Shares concerned of the power to transfer such Subscription Shares to another person.

Once lodged, an Uncertificated Subscription Notice shall be irrevocable save with the consent of the Directors. For an Uncertificated Subscription Notice to be effective, compliance must also be made with any statutory and regulatory requirements for the time being applicable.

- 1.5 In order to exercise, in whole or in part, the Subscription Share Rights which are conferred by any Certificated Subscription Shares, the Subscription Shareholder must lodge the relevant Subscription Share certificate(s) (or such other document(s) as the Directors may, in their absolute discretion, accept) at the office of the Registrar during the period of 28 days ending on the relevant Subscription Date (and, in any case, not later than 5.00 p.m. on that date), having completed the notice of exercise of Subscription Share Rights thereon (or by giving such other notice of exercise of Subscription Share Rights as the Directors may, in their absolute discretion, accept) (a **"Certificated Subscription Notice"**), accompanied by a remittance for the aggregate Subscription Price for the Ordinary Shares in respect of which the Subscription Share Rights are being exercised. The Directors may accept as valid Certificated Subscription Notices which are received after the relevant Subscription Date provided they are accompanied by the correct remittance, as described above.

Once lodged, a Certificated Subscription Notice shall be irrevocable save with the consent of the Directors. For a Certificated Subscription Notice to be effective, compliance must also be made with any statutory and regulatory requirements for the time being applicable.

- 1.6 Each Uncertificated Subscription Notice and Certificated Subscription Notice will be deemed to contain a representation that, at the time of submission to the Company, the holder of the Subscription Shares concerned is not a US Person (as defined in sub-paragraph (ii) below) or a person in Australia, Canada, Japan, New Zealand, the Republic of South Africa or any EEA State (other than the UK) or, if they are such a person, their exercise of Subscription Share Rights is permitted by, and will not infringe, the securities laws of the relevant jurisdiction.

Without prejudice to the generality of the final sentences of paragraphs 1.4 or 1.5 of this Part 6, the exercise of Subscription Share Rights by any holder of Subscription Shares who is a US Person or a person in Australia, Canada, Japan, New Zealand, the Republic of South Africa or any EEA State (other than the UK) or the right of such a holder to receive the Ordinary Shares falling to be issued to them following the exercise of their Subscription Share Rights will be subject to such requirements, conditions, restrictions, limitations or prohibitions as the Company may at any time impose, in its sole discretion, for the purpose of complying with (or for avoiding any requirement which would otherwise arise to comply with) the securities laws of the United States (including, without limitation, the US Securities Act, the US Investment Company Act of 1940 and

any rules or regulations promulgated under such Acts) or the laws of Australia, Canada, Japan, New Zealand, the Republic of South Africa or any EEA State (other than the UK).

For the purpose of this paragraph 1.6:

- (i) references to **"holders"** of Subscription Shares will be deemed to include both the registered holder and any beneficial owner of such Subscription Shares; and
 - (ii) **"US Person"** means any person or entity defined as such in Rule 902(o) under the US Securities Act and, without limiting the generality of the foregoing, includes a natural person resident in the United States, a corporation, partnership or other entity created, organised or incorporated under the laws of the United States (including any State thereof) and an estate or trust if any executor, administrator or trustee is a US Person, but shall not include a branch or agency of a US Person located outside the United States if such agency or branch operates for valid business reasons and is engaged in the business of insurance or banking and is subject to substantive insurance or banking regulation, respectively, in the jurisdiction where located; and
- 1.7 Unless the Directors otherwise determine or unless the regulations, facilities, rules or requirements of the Relevant Electronic System otherwise require, Ordinary Shares issued on the exercise of any Subscription Share Rights shall be issued in uncertificated form where such Subscription Share Rights were conferred by Uncertificated Subscription Shares and in certificated form where such Subscription Share Rights were conferred by Certificated Subscription Shares.
- 1.8 Ordinary Shares issued pursuant to the exercise of Subscription Share Rights which are conferred by any Uncertificated Subscription Shares will be allotted within 10 Business Days of the relevant Subscription Date. The Ordinary Shares resulting from the exercise of the Subscription Share Rights shall be allotted with effect from the date of their allotment (and not the date upon which the Uncertificated Subscription Notice is given in accordance with paragraph 1.4 of this Part 6). The Company shall procure that the appropriate instructions are given to enable such Ordinary Shares to be credited in uncertificated form to the relevant account within the Relevant Electronic System of the person(s) in whose name(s) the Subscription Shares in respect of which Subscription Share Rights have been exercised were registered as at the date of such exercise or (subject as provided by law, to the payment of stamp duty reserve tax or any other tax as may be applicable, to such terms and conditions as the Directors may from time to time prescribe for this purpose and to the regulations, facilities, rules and requirements of the Relevant Electronic System) to such other person(s) (not being more than four in number) as may be named in the properly authenticated dematerialised instruction and/or other instruction or notification in such form.
- 1.9 Ordinary Shares issued pursuant to the exercise of Subscription Share Rights which are conferred by any Certificated Subscription Shares will be allotted within 10 Business Days of the relevant Subscription Date. The Ordinary Shares resulting from the exercise of the Subscription Share Rights shall be allotted with effect from the date of their allotment (and not the date upon which the Certificated Subscription Notice is given in accordance with paragraph 1.5 of this Part 6). Certificates in respect of such Ordinary Shares, together, if applicable, with a new certificate for the balance of any Certificated Subscription Shares in respect of which the Subscription Share Rights have not been exercised, will be despatched (at the risk of the person(s) entitled thereto) not later than 28 days after the relevant allotment date to the person(s) in whose name(s) the Subscription Share is/are registered at the date of exercise (and, if more than one, to the first-named, which shall be sufficient despatch for all) or (subject as provided by law, to the payment of stamp duty reserve tax or any other tax as may be applicable and to such terms and conditions as the Directors may from time to time prescribe for this purpose) to such other person(s) (not being more than four in number) as may be named in the form of nomination available for the purpose from the Registrar (and, if more than one, to the first-named, which shall be sufficient despatch for all).
- 1.10 Ordinary Shares allotted pursuant to the exercise of Subscription Share Rights will not rank for any dividends or other distributions declared, paid or made on the Ordinary Shares by reference to a record date prior to the relevant Subscription Date but, subject thereto, will rank in full for all

dividends and other distributions declared, paid or made on the Ordinary Shares and otherwise will rank *pari passu* in all other respects with the Ordinary Shares in issue at the relevant Subscription Date.

1.11 For so long as the Ordinary Shares are admitted to listing on the TISE and to trading on the London Stock Exchange's SETSqx platform, the Company will apply:

- (i) to the TISEA for the Ordinary Shares allotted pursuant to any exercise of Subscription Share Rights to be admitted to listing on the TISE; and
- (ii) to the London Stock Exchange for such Ordinary Shares to be admitted to trading on SETSqx;

and the allotment of Ordinary Shares resulting from any exercise of Subscription Share Rights will be subject to such admissions becoming effective.

1.12 If, immediately after any Subscription Date (other than the Final Subscription Date) and after giving effect to any Subscription Share Rights exercised on that date, Subscription Share Rights shall have been exercised or cancelled in respect of 75 per cent. or more of the Subscription Shares originally issued pursuant to the Bonus Issue (subject to the adjustment of the number of Subscription Shares in accordance with paragraph 2 of this Part 6), the Company shall be entitled within 14 days thereafter to serve notice in writing on the holders of the Subscription Shares then outstanding of its intention to appoint a trustee for the purposes of this paragraph 1.12 (the "**Early Subscription Trustee**") on the expiry of the period beginning on the date of such notice and expiring at 5.00 p.m. on the twenty-first day from such date (the "**Notice Period**"). Such notice shall in its terms give the holders of the Subscription Shares so outstanding a final opportunity to exercise their Subscription Share Rights in the manner set out at paragraphs 1.4 and 1.5 (as appropriate) of this Part 6 before the expiry of the Notice Period and will include all necessary details and instructions to enable such exercise. Forthwith after the expiry of the Notice Period, the Company shall appoint the Early Subscription Trustee who, provided that, in their opinion, the net proceeds of sale after deduction of all costs and expenses incurred by, and any fee payable to, them will exceed the costs of exercising the Subscription Share Rights, shall within the period of 14 days following the expiry of the Notice Period either:

- (i) exercise all (or such proportion as they may in their absolute discretion determine) of the Subscription Share Rights which shall not have been exercised on the terms on which the same could have been exercised immediately prior to the expiry of the Notice Period if they had been exercisable and had been exercised (having taken into account any adjustments previously made pursuant to paragraph 2 of this Part 6) and sell in the market the Ordinary Shares resulting from such exercise; or
- (ii) if it appears to the Early Subscription Trustee that doing so is likely to realise greater net proceeds for Subscription Shareholders, accept any offer available to Subscription Shareholders for the purchase of:
 - (a) the outstanding Subscription Shares (or such proportion of such Subscription Shares as the Early Subscription Trustee may in their absolute discretion determine); and/or
 - (b) Ordinary Shares resulting from the exercise of the Subscription Share Rights in respect of the outstanding Subscription Shares (or such proportion of such Ordinary Shares as the Early Subscription Trustee may in their absolute discretion determine).

The Early Subscription Trustee shall distribute *pro rata* the net proceeds of any such sale or acceptance of any such offer less, in either case, such costs of exercising the Subscription Share Rights and such other fees, costs and expenses to the persons entitled thereto (being, regardless of whether the Early Subscription Trustee has exercised all or only a proportion of the unexercised Subscription Share Rights or has accepted any offer for purchase of all or only a proportion of the outstanding Subscription Shares or Ordinary Shares resulting from the exercise of such Subscription Share Rights, all holders of the Subscription Shares outstanding immediately prior to such exercise or acceptance) at the risk of such persons as soon as practicable after such sale and

in any event within 28 days after the expiry of the Notice Period, provided that entitlements of under £5.00 shall be retained for the benefit of the Company.

If the Early Subscription Trustee shall not exercise all of the Subscription Share Rights or sell all of the Subscription Shares within the period of 14 days following the expiry of the Notice Period (and their decision in respect thereof shall be final and binding on all holders of outstanding Subscription Shares), all remaining Subscription Share Rights shall lapse on the expiry of such period of 14 days and all outstanding Subscription Shares shall be converted into Deferred Shares.

- 1.13 Within seven days following the Final Subscription Date, the Company shall appoint a trustee (the **"Final Subscription Trustee"**) who, provided that, in their opinion, the net proceeds of sale after deduction of all costs and expenses incurred by, and any fee payable to, them will exceed the costs of exercising the Subscription Share Rights, shall within the period of 14 days following such Final Subscription Date either:
- (i) exercise all (or such proportion as they may in their absolute discretion determine) of the Subscription Share Rights which shall not have been exercised on the terms on which the same could have been exercised on the Final Subscription Date (having taken into account any adjustments previously made pursuant to paragraph 2 of this Part 6) and sell in the market the Ordinary Shares resulting from such exercise; or
 - (ii) if it appears to the Final Subscription Trustee that doing so is likely to realise greater net proceeds for Subscription Shareholders, accept any offer available to Subscription Shareholders for the purchase of:
 - (a) the outstanding Subscription Shares (or such proportion of such Subscription Shares as the Final Subscription Trustee may in their absolute discretion determine); and/or
 - (b) Ordinary Shares resulting from the exercise of the Subscription Share Rights in respect of the outstanding Subscription Shares (or such proportion of such Ordinary Shares as the Final Subscription Trustee may in their absolute discretion determine).

The Final Subscription Trustee shall distribute *pro rata* the net proceeds of any such sale or acceptance of any such offer less, in either case, such costs of exercising the Subscription Share Rights and such other fees, costs and expenses to the persons entitled thereto (being, regardless of whether the Final Subscription Trustee has exercised all or only a proportion of the unexercised Subscription Share Rights or has accepted any offer for purchase of all or only a proportion of the outstanding Subscription Shares or Ordinary Shares resulting from the exercise of such Subscription Share Rights, all holders of the Subscription Shares outstanding immediately prior to such exercise or acceptance) at the risk of such persons as soon as practicable after such sale and in any event within 28 days after the expiry of the Final Subscription Date, provided that entitlements of under £5.00 shall be retained for the benefit of the Company.

If the Final Subscription Trustee shall not exercise all of the Subscription Share Rights or sell all of the Subscription Shares within the period of 14 days following the Final Subscription Date (and their decision in respect thereof shall be final and binding on all holders of outstanding Subscription Shares), all remaining Subscription Share Rights shall lapse on the expiry of such period of 14 days and all outstanding Subscription Shares shall be converted into Deferred Shares.

- 1.14 Neither any Compulsory Exercise Trustee nor any Final Subscription Trustee shall have any liability of any nature whatsoever where they have acted honestly and reasonably and shall have no responsibility for the safe custody of, or to earn any interest on, any unpaid or unclaimed money.

2. Adjustment of Subscription Share Rights

The Subscription Price (and/or the number of Subscription Shares outstanding) shall be adjusted from time to time in accordance with the provisions of this paragraph 2:

- 2.1 If and whenever there shall be an alteration on a date (or by reference to a record date) on or before the Final Subscription Date in the number of Ordinary Shares in issue as a result of a consolidation or sub-division, the Subscription Price in force immediately prior to such alteration shall be adjusted by multiplying it by a fraction of which:
- (i) the numerator shall be the aggregate number of Ordinary Shares in issue immediately after such alteration; and
 - (ii) the denominator shall be the aggregate number of Ordinary Shares in issue immediately prior to such alteration;
- and such adjustment shall become effective on the date the alteration takes effect.
- 2.2 If and whenever the Company shall allot to holders of Ordinary Shares any Ordinary Shares credited as fully paid by way of capitalisation of reserves or profits (other than Ordinary Shares paid up out of distributable reserves and issued in lieu of a cash dividend) on a date (or by reference to a date) on or before the Final Subscription Date, the Subscription Price in force immediately prior to such allotment shall be adjusted by multiplying it by a fraction of which:
- (i) the numerator shall be the aggregate number of Ordinary Shares in issue immediately prior to such allotment; and
 - (ii) the denominator shall be the aggregate number of Ordinary Shares in issue immediately after such allotment;
- and such adjustment shall become effective as at the date of allotment of such Ordinary Shares (or, if later, the date, or last date, on which any conditions to which such allotment is subject, are satisfied or waived).
- 2.3 If on a date (or by reference to a record date) on or before the Final Subscription Date, the Company makes any offer or invitation (whether by way of rights issue, open offer or otherwise but not being an offer made in connection with scrip dividend arrangements) to the holders of the Ordinary Shares (subject to such exclusions as may be necessary to deal with legal, regulatory or practical problems in any jurisdiction) to subscribe for new Ordinary Shares or for securities convertible into or exchangeable for Ordinary Shares or conferring rights to subscribe for Ordinary Shares, or any offer or invitation (not being an offer to which paragraph 3.7 of this Part 6 applies) is made to such holders otherwise than by the Company, then the Company shall, so far as it is able, procure that at the same time the same offer or invitation is made to the then Subscription Shareholders as if their Subscription Share Rights had been exercisable and had been exercised on the date immediately preceding the record date for such offer or invitation on the terms (subject to any adjustment made previously pursuant to paragraphs 2.1 to 2.6 (inclusive) of this Part 2) on which the same could have been exercised if they had been exercisable on that date, provided that, if the Directors so resolve in the case of any such offer or invitation made by the Company, or if the Directors are unable to procure that such offer or invitation is made, the Company shall not be required to procure that the same offer or invitation is made to the then Subscription Shareholders but the Subscription Price shall be adjusted:
- (i) in the case of an offer of new Ordinary Shares for subscription by way of a rights issue or open offer at a price less than the market price at the date of announcement of the terms of the offer, by multiplying the Subscription Price by a fraction of which:
 - (a) the numerator is the number of Ordinary Shares in issue on the date of such announcement plus the number of Ordinary Shares which the aggregate amount payable for the total number of new Ordinary Shares comprised in such rights issue or open offer would purchase at such market price; and
 - (b) the denominator is the number of Ordinary Shares in issue on the date of such announcement plus the aggregate number of Ordinary Shares offered for subscription;

and such adjustment shall be determined by the Directors, and the Financial Adviser shall report in writing to the Directors that, in its opinion, such adjustment has been determined in all material respects in accordance with this paragraph 2.3; and

- (ii) in any other case, in such manner as the Directors shall determine, and the Financial Adviser shall report in writing to the Directors that, in its opinion, such adjustment as so determined in accordance with this paragraph 2.3 is fair and reasonable.

Any such adjustments shall become effective, in the case of sub-paragraph (i) above, as at the date of allotment of the new Ordinary Shares which are the subject of the offer or invitation and, in the case of sub-paragraph (ii) above, as at the date determined by the Directors. For the purposes of this paragraph 2.3, "**market price**" shall mean the average of the middle market quotations (as derived from Bloomberg) for one Ordinary Share for the five consecutive dealing days ending on the dealing day immediately preceding the day on which the market price is to be ascertained (but making an appropriate adjustment if the Ordinary Shares to be issued pursuant to the offer or invitation do not rank, on some or all of the relevant dealing days, *pari passu* as to dividends and other distributions with the Ordinary Shares in issue on those days).

- 2.4 No adjustment will be made to the Subscription Price pursuant to paragraphs 2.1, 2.2 or 2.3 of this Part 6 (other than by reason of a consolidation of Ordinary Shares as referred to in paragraph 2.1 of this Part 6) if it would result in an increase in the Subscription Price and, in any event, no adjustment will be made if such adjustment would (taken together with the amount of any adjustment carried forward under the provisions of this paragraph 2.4) be less than 1 per cent. of the Subscription Price then in force and on any adjustment the adjusted Subscription Price will be rounded to two decimal places. Any adjustment not so made and any amount by which the Subscription Price is rounded to two decimal places will be carried forward and taken into account in any subsequent adjustment pursuant to this paragraph 2.
- 2.5 Whenever the Subscription Price is adjusted as provided in accordance with paragraphs 2.1 to 2.4 (inclusive) of this Part 6 (other than by reason of and to reflect a consolidation of Ordinary Shares as referred to in paragraph 2.1 of this Part 6), the Company shall issue, for no payment, additional Subscription Shares to each Subscription Shareholder at the same time as such adjustment takes effect. The number of additional Subscription Shares to which a holder of Subscription Shares will be entitled shall be the number of existing Subscription Shares held by them before such adjustment multiplied by the following fraction:

$$\frac{X - Y}{Y}$$

where:

X = the Subscription Price (applicable at the next Subscription Date) immediately before such adjustment; and

Y = the Subscription Price (applicable at the next Subscription Date) immediately after such adjustment.

Fractions of Subscription Shares will not be allotted to holders of Subscription Shares and entitlements to will be rounded down to the nearest whole number of Subscription Shares. The Company will procure that:

- (i) appropriate instructions are given to enable such additional Uncertificated Subscription Shares to be credited to the relevant account within the Relevant Electronic System of the person(s) in whose name(s) Uncertificated Subscription Shares are registered as at the date of the adjustment; and
- (ii) Subscription Share certificates relating to such additional Certificated Subscription Shares will be issued within 21 days of the said adjustment taking effect to the person(s) in whose name(s) Certificated Subscription Shares are registered as at the date of the adjustment.

- 2.6 Whenever Subscription Price is adjusted by reason of and to reflect a consolidation of Ordinary Shares as referred to in paragraph 2.1 of this Part 6, the number of Ordinary Shares for which each holder of Subscription Shares is entitled to subscribe will be reduced accordingly.
- 2.7 The Company shall give notice to holders of Subscription Shares within 28 days of any adjustment made pursuant to paragraphs 2.1 to 2.6 (inclusive) of this Part 6.
- 2.8 If a holder of Subscription Shares shall become entitled to exercise their Subscription Share Rights pursuant to paragraph 3.7 of this Part 6, the Subscription Price payable on such exercise (but not otherwise) shall be reduced by such amount as shall be determined by the Directors, and the Financial Adviser shall report in writing to the Directors that, in its opinion, such adjustment has been determined in all material respects in accordance with this paragraph 2.8 in accordance with the following formula:

$$A = (B + C) - D$$

where:

- A = the reduction in the Subscription Price;
- B = the Subscription Price which would, but for the provisions of this paragraph 2.8, be applicable (having taken into account any adjustments previously made pursuant to paragraphs 2.1 to 2.6 (inclusive) of this Part 6) if the Subscription Share Rights were exercisable on the date on which the Company shall become aware as provided in paragraph 3.7 of this Part 6;
- C = the average of the middle market quotations (as derived from Bloomberg) for one Subscription Share for the 10 consecutive dealing days ending on the dealing day immediately preceding the date of the announcement of the offer referred to in paragraph 3.7 of this Part 6 (or, where such offer is a revised offer, the original offer) or, if applicable and earlier, the date of the first announcement of the intention to make such offer or original offer or of the possibility of the same being made; and
- D = the average of the middle market quotations (as derived from Bloomberg) for one Ordinary Share for the 10 consecutive dealing days ending on the dealing day immediately preceding the date of the announcement of the offer referred to in paragraph 3.7 of this Part 6 (or, where such offer is a revised offer, the original offer) or, if applicable and earlier, the date of the first announcement of the intention to make such offer or original offer or of the possibility of the same being made;

provided that:

- (i) the Subscription Price shall be further adjusted to take account of the market value of the Subscription Shares (which shall be deemed to be equal to the value of C) having regard, *inter alia*, to the time value of money in such manner as the Directors shall determine and as the Financial Adviser shall report in writing to the Directors that, in its opinion, such further adjustment as so determined is fair and reasonable; and
- (ii) no adjustment shall be made to Subscription Price where the value of D exceeds the aggregate value of B and C in the above formula.

Any such adjustment shall become effective on the date on which the Company becomes aware that, as a result of such offer as is referred to in paragraph 3.7 of this Part 6, the right to cast a majority of the votes which may normally be cast on a poll at a general meeting of the Company has or will become vested in the offeror and/or such persons or companies as are acting in concert with or controlled by the offeror as detailed in paragraph 3.7 of this Part 6. The notice required to be given by the Company pursuant to paragraph 3.7 of this Part 6 shall give details of any reduction in the Subscription Price pursuant to this paragraph 2.8.

- 2.9 For the purpose of determining whether paragraph 3.9 of this Part 6 shall apply and, accordingly, whether each Subscription Shareholder is to be treated as if their Subscription Share Rights had been exercisable and had been exercised as provided in that paragraph, the Subscription Price which would have been payable on such exercise (but not otherwise) shall be reduced by such

amount as shall be determined by the Directors, and the Financial Adviser shall report in writing to the Directors that, in its opinion, such adjustment has been determined in all material respects in accordance with this paragraph 2.9, in accordance with the following formula:

$$A = (B - C) + D$$

where:

- A = the reduction in the Subscription Price;
- B = the Subscription Price which would, but for the provision of this paragraph 2.9, be applicable (subject to any adjustments previously made pursuant to paragraphs 2.1 to 2.6 (inclusive) of this Part 6) if the Subscription Share Rights were exercisable immediately before the date on which the order referred to in paragraph 3.9 of this Part 6 shall be made or on which the effective resolution referred to in that paragraph shall be passed (as the case may be);
- C = the amount, as determined by the Directors, with confirmation in writing from the Financial Adviser to the Directors that, in its opinion, such determination is fair and reasonable, that each holder of an Ordinary Share would be entitled to receive on such winding-up in accordance with paragraph 3.9 of this Part 6, taking into account for this purpose the Ordinary Shares that would arise on exercise of all the Subscription Share Rights and the Subscription Price that would be payable on the exercise of such Subscription Share Rights (subject to any adjustments previously made pursuant to paragraphs 2.1 to 2.6 (inclusive) of this Part 6 but ignoring any adjustment to be made pursuant to this paragraph 2.9); and
- D = the value of the Subscription Shares as calculated using the standard Black-Scholes pricing formula, as amended by Merton for dividend payments (*Source: Bell Journal of Economics and Management Science Volume 4 Spring 1973*):
 - (i) based on the value of the final offer for the Ordinary Shares in pence on the date on which the Company shall become aware as provided in paragraph 3.8 of this Part 6;
 - (ii) taking as the stock price volatility the volatility in the market price of an Ordinary Share on a total return basis over 365 days ending on the last dealing day immediately preceding the date of the presentation of the petition for such order or of the notice convening the meeting at which such resolution shall be passed (as the case may be) or, if applicable and earlier, the date of the first announcement of the presentation of such petition or the convening of such meeting (as the case may be) or that the same is proposed,
 - (iii) taking as the interest rate the gross redemption yield on 2 per cent. Treasury Gilt 2020 on an annual basis; and
 - (iv) using as a yield the last annual net dividend payment (if any), in pence sterling;

provided that no adjustment shall be made to the Subscription Price where the value of C exceeds the aggregate value of B and D in the above formula.

- 2.10 Notwithstanding the provisions of paragraphs 2.1 to 2.9 of this Part 6, in any circumstances (including, without limitation, where an event which gives or may give rise to an adjustment to the Subscription Price occurs in close proximity in time to another such event) where the Directors shall consider that an adjustment to the Subscription Price provided for under such provisions should not be made or should be calculated on a different basis or that an adjustment to the Subscription Price should be made notwithstanding that no such adjustment is required by such provisions or that an adjustment should take effect on a different date or with a different time from that specified in such provisions, the Company may appoint the Financial Adviser to consider and report whether for any reason whatsoever the economic result of the adjustment to be made (or of the absence of adjustment) would or might not fairly and appropriately reflect the relative interests of the persons affected thereby and, if the Financial Adviser shall consider this to be the case, what adjustments (if any) should be made to such provisions so as to produce an economic result which, in the opinion of the Financial Adviser, fairly and appropriately reflects the relative interests of the persons affected

thereby, and in the event of any such report by the Financial Adviser the provisions of this paragraph 2 shall be deemed to be varied and take effect accordingly.

- 2.11 For the avoidance of doubt, unless the context otherwise requires, references to the Subscription Price (prior to any adjustment) in this paragraph 2 shall be the Subscription Price applicable at the next Subscription Date and each the Subscription Price applicable at any subsequent Subscription Dates shall also be adjusted in such manner as the Directors shall determine and as the Financial Adviser shall report in writing to the Directors that, in its opinion, such adjustment as so determined is fair and reasonable.

3. Protective Provisions

So long as any Subscription Share Rights remain capable of exercise:

- 3.1 The Company shall not (except with the sanction of an extraordinary resolution of Subscription Shareholders):
- (i) subject to paragraph 3.11 of this Part 6, make, pay or declare any distribution of capital profits or capital reserves except by means of a capitalisation issue in the form of fully paid Ordinary Shares;
 - (ii) issue securities by way of capitalisation of profits or reserves except fully paid Ordinary Shares issued to the holders of its Ordinary Shares or the issue of further Subscription Shares to the Subscription Shareholders in accordance with the rights attaching to the Subscription Shares; or
 - (iii) on or by reference to a record date falling within the period of six weeks ending on any Subscription Date, make any such allotment as is referred to in paragraph 2.2 of this Part 6 or any such offer or invitation as is referred to in paragraph 2.3 of this Part 6 (except by extending to the Subscription Shareholders any such offer or invitation as may be made by a third party).
- 3.2 The Company shall not (except with the sanction of an extraordinary resolution of Subscription Shareholders):
- (i) in any way modify the rights attached to its existing Ordinary Shares as a class; or
 - (ii) subject to paragraph 4 of this Part 6, create or issue any new class of equity share capital except for shares which carry, as compared with the rights attached to the existing Ordinary Shares, rights which are not more advantageous as regards voting, dividend or return of capital (save as to the date from which such shares shall rank for dividends or distributions);
- provided that nothing in this paragraph 3.2 shall restrict the right of the Company to increase, consolidate or sub-divide its share capital or to issue further Ordinary Shares which carry, as compared to the rights attached to the Ordinary Shares then in issue, rights which are not more advantageous as regards voting, dividends or return of capital.
- 3.3 The Company shall not issue any Ordinary Shares credited as fully paid by way of capitalisation of reserves or profits as is referred to in paragraph 2.2 of this Part 6 or make any such offer or invitation as is referred to in paragraph 2.3 of this Part 6 if, in either case, the Company would on any subsequent exercise of the Subscription Share Rights be obliged to issue Ordinary Shares at a discount to nominal value.
- 3.4 The Company shall not (except (i) with the sanction of an extraordinary resolution of Subscription Shareholders, (ii) in connection with a purchase of shares made in accordance with paragraph 3.10 of this Part 6 or (iii) for a reduction not involving any payment to Shareholders) reduce any of its share capital or any uncalled or unpaid liability in respect of any of its share capital or any of its non-distributable reserves provided that the Company shall not be restricted by this paragraph 3.4 from reducing its share capital and from cancelling or reducing any other non-distributable reserve in connection with, or from making, any purchase of Ordinary Shares at prices below the NAV per

Ordinary Share as envisaged by paragraph 3.11 of this Part 6 or Subscription Shares as envisaged by paragraph 5 of this Part 6.

- 3.5 The Company shall not allot, or grant rights to subscribe for, or convert any security into, shares in the capital of the Company to the extent that subsequent to such issue it would not have sufficient authority to allot Ordinary Shares to satisfy in full all Subscription Share Rights remaining exercisable.
- 3.6 The Company shall not (except with the sanction of an extraordinary resolution of Subscription Shareholders) grant (or offer or agree to grant) any option in respect of, or create any rights of subscription for, or issue any loan capital carrying rights of conversion into, Ordinary Shares if the price at which any such option or right is exercisable is lower than the maximum Subscription Price.
- 3.7 Subject as provided in paragraph 3.8 of this Part 6, if at any time an offer is made to all holders of Ordinary Shares (or all such holders other than the offeror and/or any company controlled by the offeror and/or person(s) acting in concert with the offeror) to acquire the whole or any part of the issued Ordinary Share capital and the Company becomes aware, on or before the Final Subscription Date, that as a result of such offer the right to cast a majority of the votes which may ordinarily be cast on a poll at a general meeting of the Company has or will become vested in the offeror and/or any such company or person(s) as aforesaid, the Company shall give notice to the Subscription Shareholders of such vesting or pending vesting within 14 days of its becoming so aware, and each such Subscription Shareholder shall be entitled, at any time within the period of 30 days immediately following the date of such notice, to exercise their Subscription Share Rights on the terms (having taken into account any adjustments pursuant to paragraphs 2.1 to 2.6 (inclusive) and 2.8 of this Part 6) on which the same could have been exercised if they had been exercisable and had been exercised on the date on which the Company shall become so aware (and, if any part of the 30-day period referred to in this paragraph 3.7 falls before the first Subscription Date, the Subscription Share Rights shall nevertheless be deemed to be exercisable during all of that period for the purposes of this paragraph 3.7 and, if any part of such period falls after the Final Subscription Date, the Final Subscription Date shall be deemed to be the last Business Day of such 30-day period). The publication of a scheme of arrangement under Jersey Companies Law providing for the acquisition by any person of the whole or any part of the issued Ordinary Share capital shall be deemed to be the making of an offer for the purposes of this paragraph 3.7 and references in this paragraph 3.7 to such an offer shall be read and construed accordingly.
- 3.8 If under any offer as referred to in paragraph 3.7 of this Part 6 the consideration shall consist solely of the issue of ordinary shares of the offeror and the offeror shall make available an offer of securities to subscribe for ordinary shares in the offeror in exchange for the Subscription Shares, which offer the Financial Adviser shall consider to be fair and reasonable (having regard to the terms of the offer, the tax treatment of such securities compared with that of the Subscription Shares and any other circumstances which may appear to the Financial Adviser to be relevant), then a Subscription Shareholder shall not have the right to exercise their Subscription Share Rights on the basis referred to in paragraph 3.7 of this Part 6 and, subject to the offer as referred to in paragraph 3.7 of this Part 6 becoming or being declared wholly unconditional and the offeror being in a position to acquire compulsorily the whole of the then issued Ordinary Share capital not already owned by it or its associates, any Director shall be irrevocably authorised as attorney for the holders of Subscription Shares who have not accepted the offer of securities to subscribe for ordinary shares in the offeror in exchange for the relevant Subscription Shares and who have not exercised the Subscription Share Rights attaching to their Subscription Shares before such offer becomes or is declared unconditional and the offeror being in a position to acquire compulsorily the whole of the then issued Ordinary Share capital not already owned by the offeror or and/or any company controlled by the offeror and/or person(s) acting in concert with the offeror:
- (i) to execute a transfer of the Subscription Shares held by such holders in favour of the offeror in consideration of the issue of securities to subscribe for ordinary shares in the offeror as

aforesaid, whereupon all the Subscription Share Rights shall lapse and all outstanding Subscription Shares shall be converted into Deferred Shares which shall have the same rights referred to paragraph 9 of this Part 6; and

- (ii) to do such acts and things as may be necessary or appropriate in connection therewith.

3.9 If:

- (i) an order is made or an effective resolution is passed for winding-up the Company (except for the purpose of reconstruction, amalgamation or unitisation on terms sanctioned by an extraordinary resolution of Subscription Shareholders); and
- (ii) in such winding-up, and on the basis that all Subscription Share Rights then unexercised had been exercised in full at the Subscription Price applicable at the next Subscription Date (taking into account any adjustments pursuant to paragraphs 2.1 to 2.6 (inclusive) and 2.9 of this Part 6) and the proceeds of such exercise had been received by the Company, there shall be a surplus available for distribution amongst the holders of the Ordinary Shares, including for this purpose the Ordinary Shares which would arise on exercise of all Subscription Share Rights, which surplus would, on such basis, exceed in respect of each Ordinary Share a sum equal to such Subscription Price;

each Subscription Shareholder shall, be treated as if immediately before the date of such order or resolution (as the case may be) their Subscription Share Rights had been exercisable and had been exercised in full on the terms (subject to any adjustments pursuant to paragraphs 2.1 to 2.6 and 2.9 of this Part 6) on which the same could have been exercised if they had been exercisable and had been exercised immediately before the date of such order or resolution (as the case may be) and, accordingly, shall be entitled to receive out of the assets available in the liquidation *pari passu* with the holders of the Ordinary Shares such a sum as they would have received had they been the holder of the Ordinary Shares to which they would have become entitled by virtue of such subscription after deducting a sum per Ordinary Share equal to the relevant Subscription Price (subject to any adjustments pursuant to paragraphs 2.1 to 2.6 and 2.9) , provided that, if in connection with such winding up the holders of the Ordinary Shares approve in accordance with the Articles:

- (a) a distribution of assets in specie to the members;
- (b) the vesting in trustees of the whole or any part of the assets of the Company on trust for the benefit of the Ordinary Shareholders or any of them;
- (c) a transfer of the whole or part of the Company's assets to another investment fund (either closed-end or open-ended) in consideration for which shares or other securities will be issued by such fund for distribution among the Ordinary Shareholders or any of them; or
- (d) any similar arrangement;

then, for the purposes of this paragraph 3.9, the sum that the Subscription Shareholder would have received had they been the holder of the Ordinary Shares to which they would have become entitled by virtue of such exercise of their Subscription Share Rights shall be such sum on such basis of valuation, and valued at such date, as the Directors shall determine, with confirmation in writing from the Financial Adviser to the Directors that each such determination is fair and reasonable. Subject to the foregoing, all Subscription Share Rights shall lapse on liquidation of the Company.

- 3.10 If at any time an offer or invitation is made by the Company to the holders of its Ordinary Shares generally for purchase by the Company of any of its Ordinary Shares (whether by tender offer or otherwise), the Company shall simultaneously give notice of such offer to the Subscription Shareholders and each Subscription Shareholder shall be entitled, at any time whilst such offer or invitation remains open for acceptance, to exercise their Subscription Share Rights on the terms (subject to any adjustments made pursuant to paragraphs 2.1 to 2.6 (inclusive) of this Part 6) on which the same could have been exercised at the next Subscription Date following the day 21 days immediately preceding the record date for such offer or invitation and any Ordinary Shares arising

on exercise of the Subscription Share Rights shall be included in the offer or invitation on the same terms and conditions as if the Ordinary Shares arising on the exercise of Subscription Shares Rights had been in issue on the record date for such offer or invitation.

3.11 Notwithstanding paragraphs 3.1 to 3.10 (inclusive) of this Part 6, the Company may, without the sanction of an extraordinary resolution of Subscription Shareholders:

- (i) issue new Ordinary Shares at prices representing a premium to the latest NAV per Ordinary Share;
- (ii) purchase (whether by tender, by private treaty or through the market) any Ordinary Shares at prices below the latest NAV per Ordinary Share; and
- (iii) hold its Ordinary Shares in treasury and sell any such Ordinary Shares held in treasury.

4. Qualifying C Share Issues

4.1 Notwithstanding the provisions of paragraph 3 of this Part 6, a Qualifying C Share Issue shall not constitute an alteration or abrogation of the rights attached to the Subscription Shares (and shall not require the sanction of an extraordinary resolution of Subscription Shareholders), even though it may involve modification of the rights attached to the Ordinary Shares or the creation or issue of a new class of equity share capital, if the Directors are of the opinion (having regard to all the circumstances) that such issue should not have any material dilutive effect on the fully diluted NAV per Ordinary Share.

4.2 For the purpose of this paragraph 4, a "**Qualifying C Share Issue**" means an issue by the Company of shares which will, within one year of the date of their issue, be converted into Ordinary Shares ranking *pari passu* in all respects with the Ordinary Shares then in issue (other than, if the case requires, as regards dividends or other distributions declared, paid or made in respect of the financial year in which the conversion takes place) and may include the issue in connection therewith of subscription shares or warrants (whether on the same terms and conditions as the Subscription Shares or otherwise) and any matters reasonably incidental to the process by which such shares are converted into Ordinary Shares, including but not limited to the creation, issue, sub-division, consolidation, redesignation, purchase, redemption or cancellation of any share capital of the Company, including share capital with preferred or deferred rights.

5. Purchase

Subject to compliance with Jersey Company Law, the Company shall have the right to purchase Subscription Shares in the market, by tender or by private treaty, provided that:

- (i) in the case of any purchase of Subscription Shares in the market or by private treaty, such purchases will be limited to a maximum price per Subscription Share which (other than in the case of purchases by tender) will not exceed 5 per cent. above the average of the closing middle market quotations (as derived from Bloomberg) for a Subscription Share for the five consecutive dealing days ending on the dealing day immediately preceding the date on which the purchase is made; and
- (ii) if such purchases are by tender, such tender is available to all Subscription Shareholders alike.

All Subscription Shares so purchased shall forthwith be cancelled and shall not be available for reissue or resale.

6. Transfer

Subject to any contrary provision in the Articles, each Subscription Share will be in registered form and will be transferable:

- (i) in the case of Uncertificated Subscription Shares, by giving the appropriate instructions for transfer by means of the Relevant Electronic System; and

- (ii) in the case of Certificated Subscription Shares, by an instrument of transfer in any usual or common form, or in any other form which may be approved by the Directors.

No transfer of a fraction of a Subscription Share may be effected.

7. Other Rights

7.1 Subject to paragraph 3.9 of this Part 6, the Subscription Shares carry no rights:

- (i) to receive dividends or other income distributions, whether out of the revenue or other profits of the Company or otherwise; and
- (ii) to receive any payment out of the assets of the Company on a return of capital on liquidation (whether for the purpose of reorganisation, amalgamation or simple dissolution) or otherwise.

7.2 The Subscription Shareholders shall, by virtue of or in respect of their holdings of Subscription Shares, have the right to receive notice of a general meeting of the Company and to attend, speak and vote at a general meeting of the Company only if a resolution is to be proposed abrogating, varying or modifying any of the rights or privileges of the Subscription Shareholders and then only on such resolution. Whenever the Subscription Shareholders are entitled to vote at a general meeting of the Company on any resolution proposed at such a general meeting, on a show of hands every holder of Subscription Shares who is present in person or (being a corporation) by corporate representative shall have one vote and on a poll every such holder who is present in person or by proxy or (being a corporation) by corporate representative shall have one vote in respect of each Ordinary Share for which they are entitled to subscribe pursuant to the Subscription Share Rights.

7.3 Subject to paragraph 7.2 of this Part 6, whether or not the Subscription Share Rights shall have expired, the Subscription Shares shall not confer on the holders thereof the right to attend, speak or vote at any general meeting of the Company and references in the Articles to "members", "shareholders" and "holders", in relation to receiving notice of, attending or voting at general meetings of the Company (other than a separate class meeting convened in accordance with the Articles), shall be construed accordingly.

7.4 The Company will, concurrently with the issue of the same to the holders of the Ordinary Shares, send to each Subscription Shareholder (or, in the case of joint holders, to the first-named) a copy of each published annual report and audited financial statements or interim financial statements of the Company (or such abbreviated or summary financial statements as may be sent to holders of Ordinary Shares in lieu thereof), together with all other documents required by law to be annexed thereto, and a copy of every other statement, notice or circular sent by the Company to holders of Ordinary Shares.

8. Modification of Rights

All or any of the rights for the time being attached to the Subscription Shares, including the terms and conditions referred to in this Part 6, may from time to time (whether or not the Company is being wound up) be altered or abrogated with the sanction of an extraordinary resolution of Subscription Shareholders.

9. Deferred Shares

9.1 For the avoidance of doubt:

- (i) the Subscription Share Rights attached to a Subscription Share shall be capable of being exercised on one occasion only and with effect from the exercise of the Subscription Share Right attached to such Subscription Share such Subscription Share shall be converted into a deferred share of no par value (a "**Deferred Share**"); and
- (ii) where the Subscription Share Rights attaching to any Subscription Shares lapse in accordance with this Part 6, such Subscription Shares will be converted into Deferred Shares.

The Deferred Shares shall carry the limited rights referred to in this paragraph 9.

- 9.2 Deferred Shares shall only be issued in certificated form.
- 9.3 The Deferred Shares shall carry no rights to receive dividends or other income distributions, whether out of the revenue or other profits of the Company or otherwise.
- 9.4 The Deferred Shares shall carry no rights to receive any payment out of the assets of the Company on a return of capital on liquidation (whether for the purpose of reorganisation, amalgamation or simple dissolution) or otherwise.
- 9.5 The Deferred Shares shall not confer on the holders thereof the right to receive notice of, or to attend, speak or vote at, any general meeting of the Company and references in the Articles to "members", "shareholders" and "holders" in relation to receiving notice of, attending or voting at general meetings of the Company shall be construed accordingly.
- 9.6 Conversion of Subscription Shares into Deferred Shares in accordance with this Part 6 shall be deemed to confer an irrevocable authority on the Company to redeem (in accordance with and subject to the provisions of Jersey Companies Law and the Articles) such shares for an aggregate consideration of 1 pence for every 1,000,000 Deferred Shares held by each registered holder thereof and, immediately upon any such conversion, the Company shall redeem all of the Deferred Shares on such terms (and the Company shall not be obliged to issue share certificates to the Deferred Shareholders in respect of the Deferred Shares and shall not be obliged to account to any Deferred Shareholder for the redemption moneys in respect of such shares and such redemption moneys shall be retained for the benefit of the Company unless such Deferred Shareholder applies to the Company in writing requesting payment of such redemption moneys within one month of such conversion and the aggregate amount of such redemption moneys is at least £5.00).

10. General

- 10.1 For the purposes of the rights attaching to Subscription Shares, an **"extraordinary resolution of Subscription Shareholders"** means a resolution proposed at a meeting of the Subscription Shareholders duly convened and passed by a majority consisting of not less than three-fourths of the votes cast, whether on a show of hands or on a poll.
- 10.2 For the purpose of this Part 6, the **"Financial Adviser"** shall be the independent financial adviser appointed by the Board to consider and advise and report to the Board with regard to any determination or adjustment to be made pursuant to the rights attaching to Subscription Shares. Any determination or adjustment made or reported on pursuant to the rights attaching to Subscription Shares by the Board or the Financial Adviser shall be made or reported on by them as an expert and not as an arbiter and any such determination or adjustment made or reported on by them shall be final and binding on the Company and each of the Subscription Shareholders.
- 10.3 For the avoidance of doubt, the terms on which the Subscription Share Rights are exercisable or could have been exercised on any date for the purposes of this Part 6 shall take into account, insofar as applicable, any adjustments to the Subscription Share Rights made pursuant to paragraph 2 of this Part 6.

PART 7

TAXATION

The information in this Part 7 is based upon current Jersey and UK tax law, all of which are subject to change, possibly with retrospective effect. Such information is intended only as a general guide, is not exhaustive, does not constitute legal or tax advice and may not apply to certain Shareholders, such as dealers in securities, insurance companies, collective investment schemes or Shareholders who have (or are deemed to have) acquired their shares by virtue of an office or employment, who may be subject to special rules. They apply only to Shareholders resident for tax purposes in the UK (except in so far as express reference is made to the treatment of non-UK residents), who hold Shares as an investment rather than trading stock and who are the absolute beneficial owners of those Shares.

The information contained in this document is a summary of the taxation matters which the Directors consider should be brought to the attention of Shareholders and is based upon the law and practice currently in force and is subject to changes therein. All Shareholders, and in particular those who are in any doubt about their tax position, or who are resident, domiciled or otherwise subject to taxation in a jurisdiction outside the UK, should consult their own professional advisers on the potential tax consequences of the subscription, purchase, holding, transfer or other disposal of Shares, including exercising the Subscription Share Rights, under the laws of their country and/or state of citizenship, domicile or residence.

1. Jersey Taxation

1.1 The Company

The Company is liable to Jersey income tax at a rate of 0 per cent. Capital gains are not subject to tax in Jersey.

The Jersey income tax law provides an exemption from taxation for "eligible investment schemes" and, if a general rate of income tax above 0 per cent. is introduced, the Company may be able to take advantage of this exemption. An annual fee of £500 is payable as an application fee.

Jersey has an indirect tax, Goods and Services Tax ("**GST**"), which is levied at 5 per cent. on taxable supplies.

The Company may qualify as an "international services entity" ("**ISE**") for the purposes of the Goods and Services Tax (Jersey) Law 2007 (the "**GST Law**") and, accordingly, it will not be required:

- (i) to register as a taxable person pursuant to the GST Law;
 - (ii) to charge GST in Jersey in respect of any supply made by it; or
 - (iii) subject to the following provisos, to pay GST in Jersey in respect of any supply made to it.
- To become an ISE, the Company is required to make an appropriate election and pay an annual fee by the required date. The Company has already made such an application and intends to continue to pay the annual fee.

1.2 Shareholders

Dividends on Ordinary Shares and redemption proceeds may be paid by the Company without withholding or deduction for, or on account of, Jersey income tax and holders of Ordinary Shares will not be subject to any tax in Jersey in respect of the holding, sale or other disposition of such Shares.

Non-Jersey resident Shareholders will be exempt from Jersey income tax on receipt of any distributions from the Company.

Shareholders who are resident in Jersey for income tax purposes may be liable to pay income tax on distributions (including redemption proceeds) received from the Company.

The attention of investors who are resident in Jersey for taxation purposes is drawn to Article 134A of the Income Tax (Jersey) Law 1961, the effect of which is that, if the Jersey Comptroller of Taxes is of the opinion that the main purpose, or one of the main purposes, of a transaction, or a combination or series of transactions, is the avoidance, or reduction, of the liability of any person to income tax, the Comptroller may make such assessment or additional assessment on that person as the Comptroller considers appropriate to counteract such avoidance or reduction of liability.

Jersey does not levy taxes on capital inheritances, capital gains, gifts, sales or turnover, nor are there estate duties.

No stamp duty is levied on the transfer *inter vivos*, exchange or repurchase of Ordinary Shares or Subscription Shares but there is a stamp duty payable when Jersey grants of probate and letters of administration are required. Stamp duty of up to 0.75 per cent. is payable on the grant of probate or letters of administration in Jersey in respect of a deceased natural person (i) who dies domiciled in Jersey, on the value of the moveable estate (including any securities or interests therein) and (ii) otherwise, on the value of so much of the estate (including any securities therein), if any, as is situated in Jersey.

1.3 **Jersey Information Reporting Regimes and International Agreements to Improve Tax Compliance**

Jersey has signed two inter-governmental agreements to improve international tax compliance and the exchange of information – an agreement with the US (the "**US-Jersey IGA**") and another with the UK (the "**UK IGA**"). Jersey has also signed, along with over 100 other countries, a multilateral competent authority agreement to implement the OECD Standard for Automatic Exchange of Financial Account Information – Common Reporting Standard (the "**CRS**" together with the US-Jersey IGA and the UK IGA are collectively referred to as regulations implementing Automatic Exchange of Information "**AEOI**"). Since the adoption of CRS, the UK and Jersey have agreed to exchange information under the CRS rather than the UK IGA, which means all the information to be reported can be submitted via the CRS format from the 2017 reporting date onwards.

The Taxation (Implementation) (International Tax Compliance) (Common Reporting Standard) (Jersey) Regulations 2015 came into force on 1 January 2016 to give effect to the CRS (together with the UK IGA and the US-Jersey IGA, the "**AEOI Regulations**"). The Jersey government has issued draft guidance notes in respect of CRS in Jersey that are supplementary to the core guidance issued by the OECD. There are also separate guidance notes in respect of the US-Jersey IGA and the UK IGA.

The Company needs to be classified and, if it is a Jersey Financial Institution, it will be required to comply with the registration, due diligence and reporting requirements of the AEOI Regulations.

The AEOI Regulations require a Jersey Financial Institution to, amongst other things:

- (i) register with the Internal Revenue Service (the "**IRS**") to obtain a Global Intermediary Identification Number ("**GIIN**") (in the context of the US-Jersey IGA only)
- (ii) register on the Jersey AEOI portal if the Company has any reportable accounts;
- (iii) conduct due diligence on its accounts to identify whether any such accounts are considered Reportable Accounts; and
- (iv) report information on such Reportable Accounts to the Comptroller of Taxes in Jersey.

The Comptroller of Taxes in Jersey will transmit the information reported to it to the overseas fiscal authority relevant to a reportable account (i.e. the IRS in the case of a US Reportable Account, the HM Revenue & Customs in the case of a UK Reportable Account, etc.) annually on an automatic basis.

By investing in the Company and/or continuing to invest in the Company, Shareholders shall be deemed to acknowledge that (i) further information may need to be provided to the Company, (ii) the Company's compliance with the AEOI Regulations may result in the disclosure of investor

information and (iii) investor information may be exchanged with overseas fiscal authorities by the States of Jersey. Where a Shareholder fails to provide any requested information (regardless of the consequences), the Company reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption or withdrawal of the Shares of the Shareholder concerned.

2. UK Taxation

2.1 The Company

A company is considered to be UK resident for tax purposes if it is incorporated in the UK or if management and control is exercised in the UK. It is intended that the Company will be managed and controlled in such a way that it should not be resident in the UK for UK tax purposes. Accordingly, and provided that the Company does not carry on a trade in the UK (through a branch, agency or permanent establishment situated there), the Company will not be subject to UK income or corporation tax other than on certain types of UK sourced payments.

2.2 Shareholders

2.2.1 UK Offshore Funds Rules

The tax treatment of UK Shareholders will be affected by whether the Company is an "offshore fund" and, if so, whether the "offshore fund" is considered to be a reporting or a non-reporting fund.

The definition of an "offshore fund" from 1 December 2009 is based on a characteristics based approach. As such, a company will be an offshore fund if, under the terms of the arrangements:

- (i) the entity is not UK tax resident;
- (ii) investors do not have day to day control over the management of the assets; and
- (iii) a reasonable investor participating in the arrangements would expect to be able to realise all or part of an investment in the arrangements on a basis calculated entirely, or almost entirely, by reference to the net asset value of the property, or an index of any description.

However, there are a number of exceptions in the relevant legislation which can enable a company to fall outside the definition of an offshore fund.

The Directors have been advised that, under current law in force at the date of this document, the Company (and any of its share classes) should not be an "offshore fund" for the purposes of UK taxation and, therefore, the rules under The Offshore Funds (Tax) Regulations 2009 and related guidance should not apply. As such, any UK resident investors will be taxable on any income received from the Company at income tax rates and any gains on disposal of their investment will be taxable at capital gains tax rates.

If the Company were to be an offshore fund then, unless the Company elects to become a "reporting fund", investors resident in the UK would be subject to income tax on any gains made on a disposal or part disposal of their interests (i.e. any disposal proceeds would be treated as income). However, if the Company were to be a reporting fund, UK resident investors would be taxed on income as it arises (whether or not it is distributed) and any gains made on disposal of their interests would be taxed at capital gains tax rates.

If HM Revenue & Customs' interpretation of the offshore funds legislation should change, then the advice obtained by the Company may be subject to revision.

2.2.2 Base Cost of the Subscription Shares

For the purposes of UK capital gains tax ("**CGT**") and corporation tax on chargeable gains, the receipt of the Subscription Shares arising from the Bonus Issue will be a re-organisation of the share capital of the Company. Accordingly, the Subscription Shares will be treated as the same asset as the Shareholder's holding of Ordinary Shares and as having been acquired at the same time as the Ordinary Shares were acquired.

As a result of the Bonus Issue the Shareholder's original base cost in their Ordinary Shares will be apportioned between their Ordinary Shares and the Subscription Shares by reference to their respective market values on the day on which the Subscription Shares are admitted to trading on the London Stock Exchange's SETSqx platform.

On the exercise of the right to convert any Subscription Shares into Ordinary Shares, the Ordinary Shares issued pursuant to the Subscription Share Rights will be treated as the same asset as the Subscription Shares in respect of which the Subscription Share Rights are exercised. The base cost of each such Ordinary Share will be the deemed base cost of the Subscription Share that it replaces plus the applicable Subscription Price.

2.2.3 Taxation of Capital Gains

Individual Shareholders who are resident in the UK for tax purposes will generally be subject to capital gains tax at the rate of 10 per cent. for basic rate taxpayers or 20 per cent. for higher or additional rate taxpayers in respect of any gain arising on a disposal or deemed disposal of their Ordinary Shares or Subscription Shares. No indexation allowance will be available to such Shareholders. However, each individual has an annual exemption (£11,300 for the 2017-2018 tax year), such that capital gains tax is chargeable only on gains arising from all sources during the tax year in excess of this figure.

Shareholders who are individuals and who are temporarily non-resident in the UK may, under anti-avoidance legislation, still be liable to UK tax on any capital gain realised (subject to any available exemption or relief) and, therefore, should seek professional tax advice.

Corporate Shareholders who are resident in the UK for tax purposes will generally be subject to corporation tax on chargeable gains arising on the disposal of their Shares, although relief may be available for certain substantial shareholdings. An indexation allowance, based on the rate of UK inflation, may reduce the chargeable gain that is subject to corporation tax; however, the allowance cannot create or increase any allowable loss.

Capital losses realised on the disposal of Ordinary Shares or Subscription Shares must be first be offset against chargeable gains for the same tax year (or accounting period in the case of a corporate Shareholder), even if this reduces an individual Shareholder's total gain below the annual exemption. Any balance of losses may be carried forward without time limit and set off against net chargeable gains (that is, after deducting the annual exemption) in future tax years. Losses cannot generally be carried back, with the exception of losses accruing to an individual Shareholder in the year of their death.

A non-UK resident Shareholder, disposing of all or part of their holding, may also be subject to foreign taxation on capital gains under local law. It is particularly important that Shareholders who are not resident in the UK for tax purposes obtain their own tax advice concerning tax liabilities on capital gains arising from the disposal of all or part of their interests in the Company.

2.2.4 Taxation of Dividends

Under current tax law, the Company will not be required to withhold tax at source when paying a dividend.

An individual Shareholder who is resident in the UK for tax purposes and who receives a dividend from the Company will be liable to income tax based on their personal circumstances at the following rates for the 2017-2018 tax year: 7.5% (the basic rate tax band), 32.5% (the higher rate tax band) or 38.1% (the additional rate tax band) on any such dividend, subject to tax free dividend allowance (being £5,000 for the tax year 2017-2018).

A corporate Shareholder who is resident in the UK or carries on a trade in the UK through a permanent establishment in connection with which its Shares are held will be subject to UK corporation tax on the gross amount of any dividends paid by the Company, unless the dividend falls within one of the exempt classes set out in Part 9A of the Corporation Tax Act 2009. It is anticipated that any dividends paid on the Shares to UK resident corporate Shareholders would generally (subject to anti-avoidance rules) fall within one of those

exempt classes, however, such Shareholders are advised to consult their independent professional tax advisers to determine whether such dividends will be subject to UK corporation tax.

A non-UK resident Shareholder may also be subject to foreign taxation on dividend income under local law and, as such Shareholders who are not resident in the UK for tax purposes should obtain their own tax advice concerning tax liabilities on dividends received from the Company.

2.2.5 *Stamp Duty and Stamp Duty Reserve Tax*

No UK stamp duty or stamp duty reserve tax will arise on the issue of Subscription Shares.

No UK stamp duty will be payable on the transfer of Ordinary Shares or Subscription Shares provided that all instruments effecting or evidencing the transfer are not executed in the UK and no matters or actions relating to the transfer are performed in the UK.

Provided that Ordinary Shares or Subscription Shares are not registered in any register kept in the UK by or on behalf of the Company and that Ordinary Shares or Subscription Shares are not paired with shares issued by a UK-incorporated company, any agreement to transfer such shares will not be subject to stamp duty reserve tax.

2.2.6 *Individual Savings Accounts ("ISAs")*

The Subscription Shares and the Ordinary Shares arising on the exercise of the Subscription Share Rights should be eligible to be held in an ISA, subject to applicable annual subscription limits (£20,000 for the tax year 2017-2018). Investments held in ISAs will be free of UK tax on both capital gains and income.

The opportunity to invest in Ordinary Shares or Subscription Shares through an ISA is restricted to certain UK resident individuals aged 18 or over. The Subscription Price paid upon any exercise of the right to convert Subscription Shares into Ordinary Shares would contribute towards the annual subscription limit in the year in which the Subscription Share Right was exercised (unless the Subscription Price paid out of cash already within the Shareholder's ISA).

Individuals wishing to invest in Subscription Shares through an ISA should contact their professional advisers regarding their eligibility.

2.2.7 *Self-Invested Personal Pensions ("SIPPs")*

The Ordinary Shares and Subscription Shares shall constitute permitted investments for SIPPs.

2.2.8 *Base Erosion and Profit Shifting ("BEPS")*

On 5 October 2015, the Organisation for Economic Cooperation and Development ("OECD") published final recommendations for new or amendments to existing tax laws arising from its BEPS project. The Directors will monitor proposed changes in tax law that may arise to determine if they might impact the Company in due course and will seek professional advice as appropriate.

PART 8

RISK FACTORS

An investment in the Shares carries a number of risks, including (without limitation) the risk that the entire investment may be lost. Accordingly, no assurance can be given that Shareholders will realise a profit or will avoid a loss on their investment. The Shares are only suitable for investors who understand, or who have been advised of:

- (i) the risks inherent in investing in the commodities sector;
 - (ii) the potential risk of capital loss from an investment in the Shares; and
 - (iii) the limited liquidity in the Shares and some of the Company's underlying investments;
- and for whom an investment in the Shares is part of a diversified investment portfolio and who fully understand and are willing to assume the risks involved with such an investment.

In addition to all other information set out in this document, the specific risks described below should be considered with regard to an investment in the Shares. The Directors believe the risks described below, which are not set out in any particular order of priority, are the material risks relating to an investment in the Shares at the date of this document. Additional risks and uncertainties not currently known to the Directors, or that the Directors deemed immaterial at the date of this document, may also have an adverse effect on the performance of the Company and the values of the Shares. Accordingly, the risks referred to in this Part 8 do not purport to be, and should not be regarded as, exhaustive.

1. Risks Relating to the Company

1.1 Investment Objective

The investment objective of the Company is to deliver attractive returns to shareholders principally in the form of capital growth. The Company's financial condition, performance and prospects and, therefore, its ability to meet its investment objective depend on a wide variety of factors (many of which are outside its control), including, but not limited to:

- (i) general economic conditions, conditions in the financial markets and foreign currency fluctuations;
- (ii) the outlook for uranium prices;
- (iii) the availability of suitable investments and the performance of the Investment Manager in identifying, acquiring, managing and disposing of investments for the Company in accordance with the Company's investment objective, policy and strategy; and
- (iv) the performance of its Investee Companies and the price and liquidity of its investments;

Accordingly, there can be no guarantee that there will be any appreciation in the value of the Company's investments or that the Company will achieve its investment objective.

1.2 Operating History

There is no guarantee that the Company will perform in the same way as it has performed previously. Past performance is not indicative of future results.

1.3 Third Party Service Providers

1.3.1 The Company has no employees and the Directors are all non-executive. The Company therefore relies on third party service providers to perform its executive functions. In particular, the Manager, the Investment Manager and the Administrator perform services that are integral to the Company's operations and financial condition, performance and prospects. Failure by any service provider to:

- (i) carry out its obligations to the Company in accordance with the terms of its appointment;
- (ii) exercise due care and skill; or

- (ii) perform its obligations to the Company satisfactorily or at all as a result of the departure of key individuals or other causes;

could have a material adverse effect on the Company's financial condition, performance and prospects and, accordingly, on returns to Shareholders.

1.3.2 Without prejudice to the generality of paragraph 1.3.1 above, the activities of the Company are substantially dependent upon the skill, judgment and expertise of the Investment Manager, which is responsible on a day-to-day basis acquiring, managing and disposing of investments for the Company. Although the Board monitors the performance of the Investment Manager and the Company's underlying investments, the Investment Manager has significant discretion as to the implementation of the Company's investment strategies. Accordingly, the Company is heavily reliant on, and its success depends to a significant extent on, on the Investment Manager's ability to identify investment opportunities as well as to assess the import of news and events that may affect commodities markets, financial markets, and general economic conditions and/or the Company's investments.

1.4 Investment Strategies

1.4.1 There can be no assurance that the specific investment strategies utilised for the Company will produce profitable results. Profitable investment is often dependent on anticipating trends or trading patterns. Markets subject to random price fluctuations, rather than defined trends or patterns, may generate unsuccessful investments. There have been periods in the past when the markets have been subject to limited and ill-defined price movements, and such periods may recur. Any factor which may lessen major price trends (such as governmental controls affecting the markets) may reduce the prospect for future investment profitability. Any factor which would make it difficult to enter into transactions, such as reduced liquidity or extreme market developments resulting in limit moves, could also be detrimental to profits. No assurance can be given that the techniques and strategies of the Investment Manager will be profitable in the future.

1.4.2 While the Investment Manager might develop new investment strategies in the future, any such strategies may not be thoroughly tested before being employed and may not, in any event, be successful. Were the Investment Manager to attempt to implement new strategies, the risk/reward profile of the Company could be shifted significantly towards increased levels of risk.

1.5 Other Clients of the CQS Group

The CQS Group manage other accounts and other collective investment vehicles. These accounts may employ similar or different investment strategies, and could increase the level of competition for the same trades or positions that the Company might otherwise make, including the priorities of order entry. This could make it difficult or impossible to take or liquidate a position of a particular security at a satisfactory price. Moreover, in such situations, the Company may not be able to engage in as large a portion of a transaction as it otherwise would. The Investment Manager, its affiliates and their principals may employ investment methods, policies and strategies for their clients that differ from those under which the Company operates. Therefore, the performance of the Investment Portfolio may differ from those of other accounts managed by the CQS Group, its affiliates or their principals. Moreover, certain of the Investment Manager's principals also may invest for their own accounts.

1.6 Currency Exchange Rates

The Company accounts for its activities, and reports its NAV, in pounds sterling while a significant proportion of its investments are made and realised in other currencies. The movement of exchange rates between pounds sterling and other currencies in which any of the Company's investments are denominated may have a material effect, unfavourable or favourable, on the Company's returns on its investments and may increase the volatility of the NAV and price of the Shares.

1.7 **Interest Rates**

Interest rate movements may affect the level of income receivable on cash deposits and the interest payable on the Company's variable rate cash borrowings (if any).

1.8 **Gearing**

The Company may seek to enhance returns to Shareholders by borrowing funds for investment, subject to borrowings not exceeding the borrowing limit set from time to time by the Board (such limit being, as at 22 November 2017, 35 per cent. of the Company's NAV at the time of drawdown). While the use of borrowings should enhance the total return on the Ordinary Shares where the return on the Company's underlying assets is rising and exceeds the cost of borrowing, it will have the opposite effect where the return on the Company's underlying assets is falling (or rising at a lower rate than the cost of borrowing), thereby reducing the total return on the Ordinary Shares. As a result, the use of borrowings by the Company may increase the volatility of the NAV and price of the Shares.

1.9 **Swap Agreements**

The Company may enter into swap agreements. Swap agreements tend to shift the Company's investment exposure from one type of investment to another. Swap agreements can be individually negotiated and structured to include exposure to a variety of different types of investments or market factors and can take many different forms and are known by a variety of names. The Company is not limited to any particular form of swap agreement if the Investment Manager determines it is consistent with the Company's investment objective, policy and strategies. Depending on how they are used, swap agreements may increase or decrease the overall volatility of the Investment Portfolio. The most significant factor in the performance of swap agreements is the change in the specific interest rate, currency, individual equity values or other factors that determine the amounts of payments due to or by the Company. If a swap agreement calls for payments by the Company, the Company must be prepared to make such payments when due. In addition, if a counterparty's creditworthiness declines, the value of swap agreements with such counterparty can be expected to decline, potentially resulting in losses by the Company.

1.10 **Hedging Transactions**

The Company may utilise financial instruments, both for investment purposes and for risk management purposes, in order to:

- (i) protect against possible changes in the market value of its Investment Portfolio resulting from fluctuations in the securities markets and changes in interest rates;
- (ii) protect the Company's unrealised gains in the value of its Investment Portfolio;
- (iii) facilitate the sale of any such investments;
- (iv) enhance or preserve returns, spreads or gains on any investment in the Investment Portfolio;
- (v) hedge the interest rate or currency exchange rate on any of the Company's liabilities or assets;
- (vi) protect against any increase in the price of any securities the Company anticipates purchasing at a later date; or
- (vii) for any other reason that the Investment Manager deems appropriate.

The success of the Company's hedging strategy (if any) will depend, in part, on the Investment Manager's ability correctly to assess the degree of correlation between the performance of the instruments used in the hedging strategy and the performance of the portfolio investments being hedged. Since the characteristics of many securities change as markets change or time passes, the success of any hedging strategy will also be subject to the Investment Manager's ability to continually recalculate, readjust and execute hedges in an efficient and timely manner. While the Company may enter into hedging transactions to seek to reduce risk, such transactions may result in a poorer overall performance for the Company than if it had not engaged in such hedging

transactions. For a variety of reasons, the Investment Manager may not seek to establish a perfect correlation between the hedging instruments utilised and the portfolio holdings being hedged. Such an imperfect correlation may prevent the Company from achieving the intended hedge or expose the Company to risk of loss. The Investment Manager might not hedge against a particular risk because it does not regard the probability of the risk occurring to be sufficiently high as to justify the cost of the hedge, or because it does not foresee the occurrence of the risk. The successful utilisation of hedging and risk management transactions requires skills complementary to those needed in the selection of the Company's portfolio holdings.

1.11 Performance Fee

In addition to receiving an investment management fee, the Investment Manager may also receive a performance fee based on the appreciation in the Company's NAV and, accordingly, the performance fee will be calculated with regard to unrealised appreciation as well as realised gains. The performance fee may create a conflict of interest for the Investment Manager and an incentive for the Investment Manager to make investments for the Company which are riskier than would be the case in the absence of a fee based on the appreciation of the Company's NAV.

1.12 Commissions, Fees and Other Operating Costs

The Company is obliged to pay brokerage commissions and related transaction fees and costs, which can be substantial, regardless of whether its investment activities are profitable. The Company must also pay management and administration fees and other fees and expenses incurred in the operation of its business. It will be necessary for the Company to achieve gains in excess of the aggregate of such commissions, fees and expenses in order for Ordinary Shareholders to realise an increase in the NAV of their Ordinary Shares. There can be no assurance that the Company will be able to achieve such, or any, appreciation of its assets.

2. Risks Relating to the Company's Investments

2.1 General Market Risks

Economic recessions, downturns, and uncertainties can lead to volatility and instability in financial markets. In addition, the performance of Investee Companies and the price and liquidity of the Company's investments may be affected, substantially and either adversely or favourably, by a wide variety of other factors (many of which are outside the control of the Company and the Investment Manager), including, but not limited to:

- (i) changes in economic conditions;
- (ii) changes in industry conditions, including the competitive environment and the outlook for commodity prices;
- (iii) restricted availability of financing;
- (iv) changes in law, taxation, regulation or government policy;
- (v) foreign currency fluctuations;
- (vi) exchange controls or withholding taxes;
- (vii) stock market movements and investor perceptions;
- (viii) natural disasters, political and diplomatic events, terrorism, social unrest, civil disturbances or the outbreak of war; and
- (ix) insofar as they are affected by any of the above, the response of Investee Companies to the above.

2.2 Investing in Companies Associated with Exploring, Mining or Producing Precious Metals

2.2.1 The performance of the Company will be affected by the performance of the securities of companies associated with exploring, mining or producing uranium, which will in turn be affected by the performance of those companies themselves. The exploration, mining and production of metal and mineral deposits involves significant uncertainties and Investee Companies will be subject to all of the hazards and risks normally encountered in such

activities. Many of these are difficult to predict and are often affected by factors outside the control of the Investee Company. They include, amongst others, issues relating to the environment, the climate, the geopolitical environment, local and international regulatory requirements, licensing terms, planning permissions, unexpected geological formations, radiation risks, rock falls, flooding, pollution, legal liabilities, the availability and reliability of plant and equipment, the scaling-up of operations, the reliance on key individuals, local finance and tax regimes, foreign currency repatriation, capital and budget constraints, contractors and suppliers, local employment regulations and practices, employment unions and the availability of suitable labour. In addition, there is often no guarantee that the estimates of quantities and grades of metals and minerals disclosed by Investee Companies will be available for extraction. There can be no assurance that the realisation of operational and geological risks and hazards by Investee Companies and the costs associated with them will not materially adversely affect the Company's financial condition, performance and prospects.

- 2.2.2 Investee Companies may be established or operate in jurisdictions where legal, administrative or tax uncertainties, ambiguities, inconsistencies and anomalies might arise which would not necessarily exist in the UK. In particular, difficulties might arise in seeking to obtain redress through the courts in the relevant overseas jurisdictions.

2.3 Manager's Due Diligence

Before making investments, the Investment Manager conducts such due diligence as is deemed reasonable and appropriate based on the facts and circumstances applicable to each investment. There can be no assurance that due diligence investigations with respect to any investment opportunity will reveal or highlight all relevant facts that may be necessary or helpful in evaluating that investment opportunity. Any failure by the Investment Manager to identify relevant facts through the due diligence process may lead to inappropriate investment decisions, which could have a material adverse effect on the performance of the Company, the NAV and prices of the Shares.

2.4 Illiquid Securities

2.4.1 The Company may invest in securities that are not readily tradable or may accumulate investment positions that represent a significant multiple of the normal trading volumes of an investment, which may make it difficult for the Company to sell its investments and may lead to volatility in the price of the Shares. Investors should not expect that the Company will necessarily be able to realise, within a period which they would otherwise regard as reasonable or at all, its investments and any such realisations that may be achieved may be at a considerably lower price than prevailing indicative share prices and the value used to calculate the NAV, thereby resulting in a decrease in the NAV.

2.4.2 The Company may invest in restricted securities for which there is no established resale market, including non-publicly traded securities. The Company might only be able to liquidate these positions at disadvantageous prices, thereby resulting in a diminution in the Company's NAV. Further, companies whose securities are not publicly traded will generally not be subject to public disclosure and other investor protection requirements applicable to publicly traded securities.

2.5 Concentrated Portfolio

The Investment Portfolio is relatively concentrated, with exposure to the top 10 Investee Companies typically representing between 50 per cent. and 80 per cent. of the Investment Portfolio. As a result, the Investment Portfolio carries a higher degree of stock-specific risk than a more diversified portfolio. If the value of even one of investment were to decline materially, this would have a material adverse effect on the Company's NAV.

3. Risks Relating to the Shares

3.1 Risks Relating to Both the Ordinary Shares and the Subscription Shares

3.1.1 *Secondary Market Liquidity*

3.1.1.1 The Company is a closed-ended investment company. Accordingly, Shareholders have no right to have their Shares redeemed or bought back by the Company at any time and, therefore, Shareholders wishing to realise their Shares will be required to dispose of them on the stock market.

3.1.1.2 Whilst the Directors retain the right to effect buy-backs of Ordinary Shares and Subscription Shares in the manner described in this document, they are under no obligation to use or seek such powers at any time and Shareholders should not place any reliance on the willingness of the Directors so to act.

3.1.1.3 The London Stock Exchange's SETSqx platform is an electronic trading platform, so that securities admitted to trading on that platform can either be traded through market makers or traded electronically. Not all London Stock Exchange member firms operate on SETSqx so that there may be no market makers in the Shares on SETSqx and, if there are no market makers, the Shares will have to trade electronically, such that a London Stock Exchange member firm will have to make an order on behalf of a Shareholder and wait for it to match electronically. The Company and the Investment Manager will seek to ensure that there are market makers making price quotations in the Shares, but this cannot be guaranteed.

3.1.1.4 Market liquidity in the shares of TISE-listed closed-ended investment companies whose shares are traded on SETSqx is frequently significantly inferior to the market liquidity in the shares issued by larger closed-ended investment companies that are listed on the Official List maintained by the FCA and traded on the London Stock Exchange's main market for listed securities. Therefore, notwithstanding that the Ordinary Shares are, and Subscription Shares will be, admitted to trading on SETSqx, there can be no guarantee that an active secondary market in the Shares will exist or be sustained. Limited secondary market liquidity in the Shares may affect:

- (i) the price at which the Shares trade in the secondary market; and/or
- (ii) a Shareholder's ability to realise some or all of their investment and the price at which such a realisation can be affected.

Accordingly, Shareholders may be unable to realise their Shares at the quoted market price or, in the case of the Ordinary Shares, at their prevailing Net Asset Value or, in either case, at all. The secondary market liquidity of Subscription Shares may be less than the secondary market liquidity of Ordinary Shares.

3.1.2 *Published Share Price*

The published price of a Share is typically its mid-market price. Due to the potential difference between the mid-market price of a Share and the price at which it can be sold in the secondary market, there is no guarantee that the realisable value of a Share will reflect its published share price.

3.2 Additional Risks Relating to the Ordinary Shares

3.2.1 *Investment Returns*

3.2.1.1 Both the NAV and the price of the Ordinary Shares may fluctuate and may go down as well as up, sometimes rapidly and unpredictably. Accordingly, at any point in time, a holding of Ordinary Shares may be worth less than the original investment. As a result, Shareholders may not be able to realise the full value of their original investment in the Ordinary Shares.

3.2.1.2 The Company is managed to produce capital growth and not to produce any particular level of dividend. Accordingly, the level of dividends (if any) paid on the Ordinary Shares is not guaranteed and may go down as well as up.

3.2.2 Rating

The NAV per Ordinary Share will be affected by the performance of the Company's investments. As well as being affected by the NAV per Ordinary Share, the price at which the Ordinary Shares trade in the secondary market will depend on many factors, including, but not limited to:

- (i) market or economic conditions generally;
- (ii) general investor sentiment;
- (iii) the Company's actual or expected performance; and
- (iv) the interaction of supply and demand for the Ordinary Shares in the secondary market.

Accordingly, the price at which the Ordinary Shares trade in the secondary market may vary considerably from the NAV per Ordinary Share (representing either a discount or a premium to that NAV) and may fall when the NAV is rising or vice versa.

3.2.3 Dilution

3.2.3.1 The allotment of the Subscription Shares will mean that the equivalent of approximately 33.33 per cent. of the issued Ordinary Share capital is under option immediately following the Bonus Issue. On each occasion the Subscription Share Rights are exercised, this will increase the number of Ordinary Shares in issue and hence dilute the voting rights of any Ordinary Shareholders who do not exercise a corresponding proportion of the Subscription Share Rights exercised. However, if an Ordinary Shareholder continues to hold the Subscription Shares issued to them pursuant to the Bonus Issue and exercises their Subscription Share Rights before they lapse, that Ordinary Shareholder's percentage interest in the Ordinary Share capital will not ultimately be reduced below their percentage interest in the Ordinary Share capital of the Company immediately prior to the Bonus Issue (assuming the Company neither issues any Shares, other than pursuant to the exercise of Subscription Share Rights, nor buys-back any Shares whilst any Subscription Shares are in issue).

3.2.3.2 The extent of any actual dilution of the NAV per Ordinary Share on each occasion Subscription Share Rights are exercised will depend on the number of Ordinary Shares issued as a result of such exercise and the difference between the Subscription Price and the undiluted NAV per Ordinary Share prevailing at the time the new Ordinary Shares are issued pursuant to such exercise. The perceived risk of NAV dilution may cause the market price of the Ordinary Shares to reflect a lesser sensitivity to increases in the NAV per Ordinary Share than might otherwise be expected.

3.2.4 Rights of Subscription Shares on Liquidation

In the event of the winding up of the Company prior to the exercise of the Final Subscription Date, holders of Subscription Shares may receive a payment out of the assets which would otherwise be available for distribution amongst the Ordinary Shareholders.

3.3 Additional Risks Relating to the Subscription Shares

3.3.1 Market Value

The market value of a Subscription Share will be determined by market forces, including the NAV and market price of an Ordinary Share, and there is no guarantee that the Subscription Shares will have a significant market value.

3.3.2 Share Price Volatility

Subscription Shares represent a geared investment, so a relatively small movement in the market price of the Ordinary Shares may result in a disproportionately large movement, unfavourable or favourable, in the market price of the Subscription Shares. The market price of the Subscription Shares may therefore be volatile and may go down as well as up, sometimes rapidly and unpredictably.

3.3.3 Link to Ordinary Shares

Although the prices of Subscription Shares and Ordinary Shares are linked, since they share common price factors such as NAV, the price of a Subscription Share may not move in line with that of an Ordinary Share because of other factors contributing to their respective prices (for example, supply and demand) and, hence, are unlikely to change at the same time in the same manner. Furthermore, the price of a Subscription Share is affected by factors that do not affect the Ordinary Share price (for example, the remaining duration of the Subscription Share Rights).

3.3.4 Position Following Final Subscription Date

In the case of any Subscription Shares whose Subscription Share Rights have not been exercised on or before the Final Subscription Date, such Subscription Shares will cease to have any value unless a trustee appointed by the Company determines that the net proceeds of sale of the Ordinary Shares that would arise on the exercise of such rights after deduction of all the costs and expenses of sale would exceed the costs of exercise of such rights.

3.3.5 Risk Factors Applicable to Ordinary Shares

The Subscription Shares, in so far as they give an entitlement to subscribe for Ordinary Shares, are affected by the same risk factors as are applicable to the Ordinary Shares. However, although the price of the Subscription Shares is linked to the price of the Ordinary Shares, the price of a Subscription Share may not follow that of an Ordinary Share because of other factors contributing to their respective prices, for example supply and demand. Further, the price of a Subscription Share is affected by factors that do not affect the Ordinary Share price, such as the remaining duration of the Subscription Share Rights.

4. Taxation and Regulatory Risks

4.1 United Kingdom Taxation

4.1.1 The Directors intend that the Company will continue to be managed and controlled in such a way that it should not be resident in the United Kingdom for UK tax purposes. Accordingly, and provided that the Company does not carry on a trade in the United Kingdom through a permanent establishment, the Company will not be subject to UK income tax or corporation tax on its profits other than on any United Kingdom source income.

4.1.2 In order to maintain its non-UK tax resident status, the Company is required to be controlled and managed outside the United Kingdom. The composition of the Board, the place of residence of the Directors and the location(s) in which the Board makes decisions will be important in determining and maintaining the tax residence status of the Company. While the Company is organised in Jersey and at least a majority of the Directors are resident outside the United Kingdom, continued attention must be paid to ensure that major decisions are not made in the United Kingdom to avoid a risk that the Company may lose its non-UK tax resident status. As such, management errors could potentially lead to the Company being considered a UK tax resident, which would negatively affect its financial and operating results and returns to Shareholders.

4.2 Exchange Controls and Withholding Tax

The Company may from time to time purchase investments that will subject the Company to exchange controls or withholding taxes in various jurisdictions. In the event that exchange

controls or withholding taxes are imposed with respect to any of the Company's investments, the effect will generally be to reduce the income received by the Company on such investments.

4.3 **General Taxation Risks**

4.3.1 Representations in this document concerning the taxation of Shareholders and the Company are based on law and practice at the date of this document. These are, in principle, subject to change, possibly with retrospective effect, and Shareholders should be aware that such changes may affect the Company's ability to generate returns for Shareholders and/or the taxation of such returns to Shareholders.

4.3.2 Any change in the Company's tax status, or in taxation legislation or the taxation regime, or in the interpretation or application of taxation legislation applicable to the Company or Investee Companies could affect the value of the Company's investments, its ability to achieve its investment objective, its ability to provide returns to Shareholders and/or alter the post-tax return to Shareholders.

4.4 **Alternative Investment Fund Managers Directive**

4.4.1 The Company is categorised as a non-EU AIF and is managed by an EU AIFM (as defined in the AIFMD) for the purposes of the AIFMD. The AIFMD currently allows marketing of a non-EU AIF, such as the Company, by its AIFM (i.e. the Investment Manager) or its agent under national private placement regimes where individual states so choose. The United Kingdom has adopted such a private placement regime, as have numerous other EEA States, albeit certain EEA States are subject to additional conditions imposed by national law. Such marketing will be subject to, *inter alia*:

- (i) the requirement that appropriate cooperation agreements continue to be in place between the supervisory authorities of the relevant EEA States and the JFSC;
- (ii) Jersey not being on the Financial Action Task Force money-laundering blacklist; and
- (iii) compliance with certain aspects of the AIFMD.

Therefore, marketing into an EEA State (such as the UK) under the AIFMD is likely to involve additional compliance costs related to additional and ongoing investor disclosures and reports to regulators.

Accordingly, the ability of the Company to market the Company's securities in the EEA will depend on the relevant EEA State permitting the marketing of non-EEA managed funds, the continuing status of Jersey in relation to the AIFMD and the Company's willingness to comply with the relevant provisions of the AIFMD and the other requirements of the national private placement regimes of individual EEA States, the requirements of which may restrict the Company's ability to raise additional capital from the issue of new Shares in one or more EEA States.

4.4.2 The AIFMD came into force in July 2013 and is untested by the regulators or the courts. Changes to the AIFMD regime or new recommendations and guidance as to its implementation may impose new operating requirements or result in a change in the operating procedures of the Company and service providers and may impose restrictions on the investment activities that the Company may engage in, and may increase the ongoing costs borne, directly or indirectly, by the Company.

Any regulatory changes arising from implementation of the AIFMD (or otherwise) that limit the Company's ability to market future issues of its Shares may materially adversely affect the market price of the Shares.

PART 9

ADDITIONAL INFORMATION

In addition, the Company constitutes and is regulated as a collective investment fund under Jersey Funds Law and orders made thereunder is also subject to the Jersey Funds Code. The Company is a certified fund for the purposes of Article 8 of Jersey Funds Law (the JFSC is protected by Jersey Funds Law against liability arising from the discharge of its functions under that law).  - (ii) no shares in the Company were held by the Company in treasury;
 - (iii) no person had any preferential subscription rights for any of the Company's authorised but unissued share capital of the Company; and
 - (iv) no share or loan capital of the Company was under option or had been agreed, conditionally or unconditionally, to be put under option.
- 2.2 There were no changes in the issued share capital of the Company in the two years preceding the date of this document.
- 2.3 Subject to the EGM Resolution being passed and Admission becoming effective, the Company will issue up to 37,792,246 subscription shares of no par value, pursuant to the Bonus Issue. The Subscription Shares will be issued at a price of 1 pence per share and shall be capitalised out of the reserve account and credited on issue as fully paid up. The Subscription Shares are expected to be created and allotted by a resolution of the Board with effect from Friday, 15 December 2017.

3. Articles of Association

If the EGM Resolution is passed, the New Articles will be adopted in place of the Existing Articles. A summary of the material differences between the New Articles and the Existing Articles is set out under the heading "New Articles" in Part 1 of this document. This paragraph 3 summarises certain provisions contained in the New Articles.

3.1 Rights Attaching to the Ordinary Shares

The holders of the Ordinary Shares have the following rights:

3.1.1 Dividends

- 3.1.1.1 Subject to the provisions of Jersey Companies Law, the Company may by ordinary resolution declare dividends in respect of the Ordinary Shares in accordance with the respective rights of the members but no dividend shall exceed the amount recommended by the Directors, and the Directors may if they think fit recommend that no dividend be declared.
- 3.1.1.2 Subject to the provisions of Jersey Companies Law, the Directors may if they think fit pay interim dividends in respect of the Ordinary Shares if it appears to them that they are justified by the profits of the Company having regard always to the profits of the Company available for distribution.
- 3.1.1.3 Any resolution declaring a dividend on Ordinary Shares, whether a resolution of the Company in general meeting or a resolution of the Directors, may specify that the same shall be payable to the persons registered as the holders of the Ordinary Shares at the close of business on a particular date, notwithstanding that it may be a date prior to that on which the resolution is passed and thereupon the dividend shall be payable to such persons in accordance with their respective holdings so registered, but without prejudice to the rights inter se in respect of such dividend of transferors and transferees of any shares.
- 3.1.1.4 Any dividend or other monies payable in respect of an Ordinary Share may be paid by cheque or warrant (or telexed to a bank at the member's request and expense) sent by post to the registered address of the member or the person recognised by the Directors as entitled to the Ordinary Share or, if two or more persons are the holders of the Ordinary Share or are recognised by the Directors as jointly entitled to the Ordinary Share to the registered address of the first member named in the register of members of the Company or to such person or persons entitled and to such address as the Directors shall in their absolute discretion determine. Every cheque or warrant shall be made payable to the order of the person(s) entitled or as the Directors shall in their absolute discretion determine to such other person as the person(s) entitled may in writing direct and payment of the cheque or warrant shall be a good discharge to the Company. Any joint holder or other person jointly entitled to a share as aforesaid may give receipts for any dividend or other monies payable in respect of such share.
- 3.1.1.5 All unclaimed dividends may be invested or otherwise made use of by the Directors for the benefit of the Company until claimed. No dividends shall bear interest against the Company. The payment by the Directors of any unclaimed dividend or other monies payable on or in respect of a share into a separate account shall not constitute the Company a trustee in respect thereof.
- 3.1.1.6 Any dividend which has remained unclaimed for 10 years from the date when it became due for payment shall, if the Directors so resolve, be forfeited and cease to remain owing by the Company.

3.1.2 Voting

- 3.1.2.1 Subject to any special rights or restrictions for the time being attached to any class of shares, (i) on a show of hands every member who is present in person shall have one vote and (ii) on a poll every member who is present in person or by proxy

shall be entitled to one vote in respect of each Ordinary Share held by them, provided that the Directors, the Administrator or any of their associates shall not be entitled to vote on any shares registered in their name (or in the name of any nominee thereof) in respect of any matter in which they may have a material interest.

3.1.2.2 In the case of joint holders of a share, the vote of the senior who tenders a vote whether in person or by proxy shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the register of members of the Company in respect of the share.

3.1.2.3 Any corporation which is a member may by resolution of its directors or other governing body or officers authorised by such body, authorise such person as it thinks fit to act as its representative at any meeting of the Company or at any meeting of the holders of shares of any class in the Company, and the person so authorised shall be entitled to exercise the same powers on behalf of the corporation which they represent as that corporation could exercise if it were an individual member and such corporation shall for the purposes of the Articles be deemed to be present in person at any such meeting if a person so authorised is present thereat.

3.1.2.4 On a poll, a member entitled to more than one vote need not, if they vote, use all their votes or cast all votes they use in the same way.

3.1.2.5 Any person (whether a member or not) may be appointed by a member to act as a proxy. A member may appoint more than one proxy to attend on the same occasion.

3.1.3 ***Distribution of Assets on a Winding-up***

If the Company shall be wound up the liquidator shall, subject to Jersey Companies Law, apply the assets of the Company in such manner and order as they think fit in satisfaction of creditors' claims. The assets available for distribution among the members shall then be applied in the following priority:

- (i) firstly, in payment to the holders of the Ordinary Shares of sums up to the amount paid up thereon; and
- (ii) secondly, in payment to the holders of Ordinary Shares of any balance then remaining;

such payments being made in proportion to the number of Ordinary Shares held.

3.2 **Issue of Shares**

3.2.1 Subject to paragraph 3.2.2 below, all shares in the Company for the time being unissued shall be under the control of the Directors who may allot and dispose of the same to such persons, at such times on such terms and conditions and generally in such a manner as they think fit.

3.2.2 Subject to the terms of the Subscription Shares, no further Ordinary Shares may be created or issued unless authorised by an ordinary resolution or offered first on a *pro rata* basis to the members of the Company at the time of such offer.

3.2.3 Subject to the provisions of the Articles and without prejudice to any special rights for the time being conferred on the holders of shares (which special rights shall not be varied or abrogated except with such consent or sanction as provided by paragraph 3.4 below) any share in the Company may be issued with or have attached thereto such preferred, deferred or other special rights, or such restrictions whether in regard to dividend, return of capital, voting or otherwise as the Directors may determine.

3.2.4 None of the Company, the Administrator or any custodian for the Company may knowingly take any action that would permit or result in an offering of Shares in any country or any

jurisdiction, except in conformity with the laws and regulations relating to the offering of securities in that jurisdiction.

3.3 Holding and Transfer of Shares

3.3.1 *Shares in Certificated Form*

- 3.3.1.1 The instrument of transfer of a Share in certificated form may be in any usual form or in any other form which the Directors may approve and shall be executed by or on behalf of the transferor.
- 3.3.1.2 The Directors may refuse to register any transfer: to a person falling within the description contained in paragraph 3.3.3 below.
- 3.3.1.3 The Directors may also refuse to register a transfer unless the instrument of transfer is:
 - (i) lodged at the Company's registered office or at such other place as the Directors may appoint and is accompanied by the certificate for the Shares in certificated form to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;
 - (ii) in respect of only one class of Shares; and
 - (iii) in favour of not more than four transferees.
- 3.3.1.4 If the Directors refuse to register a transfer of a Share in certificated form they shall, within two months after the date on which the instrument of transfer was lodged with the Company, send to the transferor and the transferee notice of the refusal.
- 3.3.1.5 The registration of transfers of Shares in certificated form or of transfers of any class of Shares in certificated form may be suspended at such times and for such periods (not exceeding 30 days in any year) as the Directors may determine.
- 3.3.1.6 The transferor of a Share in certificated form shall be deemed to remain the holder of such Share until the Share has been registered in the name of the transferee in the register of members of the Company.

3.3.2 *Transfer of Uncertificated Shares*

- 3.3.2.1 Subject to the Articles and Jersey Companies Law, a holder may transfer all or any of their Shares in uncertificated form without a written instrument in accordance with the Companies Uncertificated Securities (Jersey) Order 1999 (the "**Order**").
- 3.3.2.2 The Directors shall register a transfer of title to any Shares in uncertificated form held in accordance with the Order except that the Directors may refuse to register any such transfer in favour of more than four persons jointly or in any of the circumstances permitted by Article 23 of the Order.
- 3.3.2.3 If the Directors decline to register a transfer on a Share in uncertificated form pursuant to paragraph 3.3.2.2 above, the Company shall within two months of being required to do so send to the transferee notice of the refusal and, if required to register a transfer of title to Shares in uncertificated form by an instruction from Euroclear, will notify Euroclear of its refusal to do so in accordance with the Order.

3.3.3 *Compulsory Transfers*

- 3.3.3.1 If it shall come to the notice of the Company that any Shares are owned directly or beneficially by:
 - (i) any person in breach of any law or regulation of any country or governmental authority by virtue of which such person is not qualified to hold such shares; or
 - (ii) any person who shall belong to or be comprised within any class of persons stipulated by the Company as being ineligible to own Shares; or

- (iii) any person so as to cause the Company to be in breach of any law or regulation of any country or governmental authority or so as to constitute fiscal tax or other pecuniary disadvantage to the Company;

then the Company may give notice to such person requiring them to transfer such shares to a person who is qualified or entitled to own the same.

- 3.3.3.2 A person who becomes aware that they are holding or owning Shares in breach of any law of any country or governmental authority by virtue of which they are not qualified to hold such Shares or that they are a person who belongs to or is comprised within any class of persons stipulated from time to time by the Company shall forthwith, unless they have already received a notice as described in paragraph 3.3.3.1 above, transfer all his shares to a person qualified or permitted to own the same.
- 3.3.3.3 The exercise by the Company of the power referred to in paragraph 3.3.3.1 above shall not be questioned or invalidated in any case on the ground that there was insufficient evidence of ownership of Shares by any person or that the true ownership of any Shares was otherwise than appeared to the Company at the relevant date provided that the said powers shall have been exercised in good faith.
- 3.3.3.4 The Company may at any time and from time to time call upon any holder of Shares by notice in writing to provide the Company with such information and evidence as it shall require to ascertain whether or not the Shares are owned directly or beneficially by a person falling within any of the descriptions set out in paragraph 3.3.3.1 above.
- 3.3.3.5 If within 21 days (or such extended time as in all the circumstances the Directors shall consider reasonable) after giving a notice to transfer Shares or calling for information the transfer notice has not been complied with to the satisfaction of the Directors or the information has not been received, the Company may sell the relevant Shares on behalf of the holder or holders thereof. For this purpose the Directors may authorise in writing any officer or employee of the Company to transfer the relevant Shares on behalf of the holder(s) thereof to the purchaser(s) and an instrument of transfer executed by that person will be as effective as if it had been executed by the holder(s) of, or the person(s) entitled by transmission to, the relevant Shares. The purchaser(s) will not be bound to see to the application of the purchase monies nor will their title to the relevant Shares be affected by any irregularity or invalidity in the proceedings relating to such sale. The net proceeds of sale of the relevant Shares shall be received by the Company, whose receipt shall be a good discharge for payment of the purchase monies, and will belong to the Company and upon receipt of the purchase monies the Company will become indebted to the former holder(s) of, or person(s) entitled by transmission to, the relevant Shares for an amount equal to the net proceeds of transfer upon surrender by them, of the certificate for the relevant Shares. No trust will be created in respect of the debt and no interest will be payable in respect of it and the Company will not be required to account for any monies earned from the net proceeds of transfer which may be employed in the business of the Company or as it thinks fit. The Company may register the transferee(s) as holder(s) of the relevant Shares and thereupon the transferee(s) shall become absolutely entitled thereto.

3.4 Variation of Rights

- 3.4.1 Whenever the capital of the Company is divided into different classes of Shares the special rights attached to any class may (unless otherwise provided by the terms of issue of the Shares of that class) be varied or abrogated either while the Company is a going concern or during or in contemplation of a winding up:

- (i) with the consent in writing of a majority of the holders of the issued Shares of the class; or
- (ii) with the sanction of an ordinary resolution passed at a separate meeting of the holders of the Shares of the class.

To every such separate meeting all the provisions of the Articles relating to general meetings of the Company or to the proceedings thereat shall, *mutatis mutandis*, apply except that the necessary quorum shall be two or more persons holding or representing by proxy one-third in number of the issued Shares of the class (but so that if at any adjourned meeting of such holders a quorum as above defined is not present, those members who are present shall be a quorum).

- 3.4.2 The rights attached to the Ordinary Shares shall be deemed to be varied by the creation or issue of any Shares (other than Ordinary Shares) ranking *pari passu* with or in priority to them as respects participation in the profits of the Company or in a winding up or reduction of capital.

3.5 **Alteration of Share Capital**

- 3.5.1 The Company may from time to time by special resolution:

- (i) increase or reduce the number of Shares which it is authorised to issue; or
- (ii) consolidate and divide all or any of its Shares (whether issued or not) into fewer Shares.

- 3.5.2 All new Shares shall be subject to the provisions of the Articles with reference to transfer, transmission, forfeiture and otherwise.

- 3.5.3 Subject to the provisions of Jersey Companies Law, the Company may by special resolution from time to time reduce its share capital in any way, and in particular, without prejudice to the generality of the foregoing power, may:

- (i) extinguish or reduce the liability of any of its Shares in respect of share capital not paid up; or
- (ii) with or without extinguishing or reducing liability on any of its Shares:
 - (a) cancel any capital account by an amount which is lost or which is unrepresented by available assets; or
 - (b) pay off any amount standing to the credit of a capital which is in excess of the Company's requirements;

and may, if and so far as is necessary, alter its memorandum of association by reducing the amount of its share capital and of its Shares accordingly.

3.6 **Disclosure of Share Ownership and Suspension of Rights**

- 3.6.1 The Directors shall have power by notice in writing (a "**Disclosure Notice**") to require:

- (i) any Shareholder to disclose to the Company the identity of any person other than that Shareholder who has any interest in the Shares held by that Shareholder and the nature of such interest; and/or
- (ii) any other person whom the Company knows or has reasonable cause to believe to be or, at any time during the three years immediately preceding the date on which the notice is issued, to have been interested in any shares:
 - (a) to confirm that fact or (as the case may be) to indicate whether or not it is the case; and
 - (b) where that person holds or has during that time period held an interest in any Shares to give such further information as may be required by the Directors in accordance with any obligation they or the Company may owe under law.

Any such Disclosure Notice shall require any information in response to such notice to be given in writing within such reasonable time as the Directors shall determine.

3.6.2 If a Shareholder, on whom a Disclosure Notice has been served, fails in relation to any shares (the **"Default Shares"**) to comply with such Disclosure Notice within 14 days from the service of such Disclosure Notice, the following restrictions shall apply:

- (i) the holder of the Default Shares shall not be entitled in respect of the Default Shares to be present or to vote (either in person or by proxy) at any general meeting of the Company or at any separate meeting of the Shareholders of any class of shares; and
- (ii) if the Default Shares represent 0.25 per cent. or more of the issued shares of their class, the holder of the Default Shares shall not be entitled in respect of the Default Shares:
 - (a) to receive any dividend or other distribution; or
 - (b) to transfer or agree to transfer any of those shares.

The above restrictions shall cease:

- (1) if they are waived, in whole or in part, by a resolution of the Directors; or
- (2) at the end of the period of seven days (or such shorter period as the Directors may determine) following due compliance with a Disclosure Notice to the satisfaction to the Directors.

3.6.3 If a Disclosure Notice is given to a person, other than the Shareholder, appearing to be interested in any Shares, a copy shall at the same time be given to the Shareholder, but the accidental omission to do so or the non-receipt of the copy by the Shareholder shall not invalidate or otherwise effect that Disclosure Notice.

3.6.4 If any dividend or other distribution is withheld following the service of a Disclosure Notice pursuant to the above restrictions, the Shareholder shall be entitled to receive it (without interest) as soon as practicable after the restrictions cease to apply.

3.7 **Notice to Shareholders**

3.7.1 Any notice to be given to or by any person pursuant to the Articles shall be in writing and may be given by email or other electronic method provided that a notice calling a meeting of the Directors need not be in writing.

3.7.2 Subject to the provisions of the Articles and to any restrictions imposed on any Shares, notices of every general meeting shall be given in any manner authorised by the Articles to every member and to:

- (i) all persons entitled to a Share in consequence of the death, bankruptcy or incapacity of a member;
- (ii) each Director;
- (iii) the auditors;
- (iv) the Administrator; and
- (v) such other persons as the Directors shall at any time and from time to time determine.

3.7.3 The Company may give any notice to a member either personally or by sending it by post in a prepaid envelope addressed to the member at his registered address or by leaving it at that address or by e-mailing the notice to the member's electronic address last notified to the Company by the member. In the case of joint holders of a share, all notices shall be given to the joint holder whose name stands first in the register of members in respect of the joint holding and notice so given shall be sufficient notice to all the joint holders.

3.7.4 A member present, either in person or by proxy, at any general meeting of the Company or of the holders of any class of shares in the Company shall be deemed to have received notice of the meeting and, where requisite, of the purposes for which it was called.

- 3.7.5 Every person who becomes entitled to a share shall be bound by any notice in respect of that share which, before their name is entered in the register of members, has been duly given to a person from which they derive their title.
- 3.7.6 Proof that an envelope containing a notice was properly addressed, prepaid and posted shall be conclusive evidence that the notice was given. A notice shall be deemed to be given at the expiration of 48 hours after the envelope containing it was posted.
- 3.7.7 Electronic communication of a notice (properly addressed and dispatched to the member's electronic address last notified in writing) is given or deemed to have been given at the time the electronic notice leaves the information system of the Company or the information system any other person sending the notice on the Company's behalf (as the case may be).
- 3.7.8 A notice may be given by the Company to the persons recognised by the Directors as being entitled to a share in consequence of the death, bankruptcy or incapacity of a member by sending or delivering it, in any manner authorised by the Articles for the giving of notice to a member, addressed to them by name, or by the title of representatives of the deceased or trustee of the bankrupt or curator of the member or by any like description at the address, if any, supplied for that purpose by such persons. Until such an address has been supplied, a notice may be given in any manner in which it might have been given if the death, bankruptcy or incapacity had not occurred. If more than one person would be entitled to receive a notice in consequence of the death, bankruptcy or incapacity of a member, notice given to any one of such persons shall be sufficient notice to all such persons.
- 3.7.9 Any summons, notice, order or other documents required to be sent to or served upon the Company, or upon any officer of the Company may be sent or served by leaving the same and sending it through the post in a prepaid letter envelope or wrapper, addressed to the Company or to such officer at the Company's registered office.

3.8 General Meetings

- 3.8.1 All general meetings (other than annual general meetings) shall be called extraordinary general meetings. The Directors may call an extraordinary general meeting whenever they think fit. Extraordinary general meetings shall be convened on such requisition, or in default may be convened by such requisitionists, and in such manner, as provided by Jersey Companies Law.
- 3.8.2 An annual general meeting or a general meeting called for the passing of a special resolution shall be called by at least 21 days' notice. All other meetings shall be called by at least 14 days' notice but a general meeting may be called by shorter notice if it is so agreed:
- (i) in the case of an annual general meeting, by all the members entitled to attend and vote thereat; and
 - (ii) in the case of any other meeting, by a majority in number of the members having a right to attend and vote at the meeting, being a majority together holding not less than 95 per cent. of the total voting rights of the Shareholders who have that right.
- The notice shall specify the day, time and place of the meeting and the general nature of the business to be transacted and in the case of an annual general meeting, shall specify the meeting as such.
- 3.8.3 Subject to the provisions of the Articles and to any restrictions imposed on any Shares, a notice of a general meeting shall be given to all the members, to all persons entitled to a Share in consequence of the death, bankruptcy or incapacity of a member and to the Directors, the Administrator and the Company's auditors. The Administrator and the Company's auditors shall be entitled to attend and speak at any general meeting of the Company.

- 3.8.4 In every notice calling a meeting of the Company, or of any class of members of the Company, there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint one or more proxies to attend and vote instead of him and a proxy need not also be a member.
- 3.8.5 The accidental omission to give notice to, or the non-receipt of notice by, any person entitled to receive notice shall not invalidate the proceedings at any general meeting.
- 3.8.6 No business shall be transacted at any general meeting unless a quorum is present. Save as otherwise provided in the Articles, two persons entitled to vote upon the business to be transacted, each being a member, a proxy for a member or a duly appointed representative of a corporation shall be a quorum.

3.9 **Borrowing Powers**

- 3.9.1 Subject as provided in the Articles, the Directors may exercise all the powers of the Company to borrow or raise money and secure any debt or obligation of, or binding on, the Company in any manner, including by the issue of debentures (perpetual or otherwise), and to secure the repayment of any money borrowed, raised or owing by mortgage, charge, pledge or lien upon the whole or any part of the Company's undertaking, property or assets (whether present or future) and also by a similar mortgage, charge, pledge or lien to secure and guarantee the performance of any obligation or liability undertaken by the Company or any third party.
- 3.9.2 The Directors shall restrict the borrowings of the Company and exercise all voting and other rights or powers of control exercisable by the Company in relation to its subsidiary companies (if any) so as to secure (as regards subsidiary companies so far as by such exercise they can secure) that the aggregate principal amount (including any fixed or minimum premium payable on final repayment) of monies borrowed by the Company and its subsidiaries (if any) (exclusive of intra-group borrowings) shall not without the previous sanction of an ordinary resolution of the Company exceed at the time such borrowing is incurred or increased (as the case may be) a sum equal to 50 per cent. of the gross asset value (being the value of all of the assets) of the Company.
- 3.9.3 No person dealing with the Company shall by reason of the limit referred to in paragraph 3.9.2 above be concerned to see or enquire whether such limit is observed and no debt incurred or security given in excess of such limit shall be invalid or ineffectual unless the lender or the recipient of the security had at the time when the debt was incurred or security given express notice that such limit had been or would thereby be exceeded.

3.10 **Directors**

3.10.1 **Number and Residency**

Unless otherwise determined by ordinary resolution, the number of Directors shall not be subject to any maximum but shall be not less than two and at any time at least a majority of Directors must ordinarily be resident in Jersey.

3.10.2 **Appointment, Removal, Retirement and Disqualification**

3.10.2.1 The Directors shall have power at any time, and from time to time, without sanction of the Company in general meeting, to appoint any person to be a Director, either to fill a casual vacancy or as an additional Director.

3.10.2.2 The Company may by ordinary resolution:

- (i) appoint any person as a Director; and
- (ii) remove any person from office as a Director;

provided that no person, other than a retiring Director, shall, unless recommended by the Directors for appointment, be eligible for the office of a Director at any general meeting unless, not less than seven nor more than 48 clear days before the day appointed for the meeting, there shall have been given to the Company notice in writing by some member duly qualified to be present and vote at the

meeting for which such notice is given of their intention to propose such person for appointment, and also notice in writing signed by the person to be proposed of their willingness to be appointed.

3.10.2.3A Director need not be a member, but shall be entitled to receive notice of, and attend, all general meetings of the Company and meetings of any class of members.

3.10.2.4A Director may retire from office as a Director by giving notice in writing to that effect to the Company at its registered office, which notice shall be effective upon such date as may be specified in the notice, failing which upon delivery to the registered office:

3.10.2.5The office of a Director shall be vacated if:

- (i) the Director ceases to be a Director by virtue of any provision of Jersey Companies Law or becomes prohibited by law from, or is disqualified from, being a Director;
- (ii) the Director becomes bankrupt or makes any arrangement or composition with their creditors generally;
- (iii) the Director resigns their office by notice to the Company;
- (iv) the Director becomes of unsound mind;
- (v) the Director is given notice by all other Directors (not being less than two in number) to vacate office;
- (vi) the Director is absent from meetings of the Directors for four successive meetings without leave expressed by a resolution of the Directors and the Directors resolve that the Director's office be vacated; or
- (vii) the Company so resolves by ordinary resolution.

3.10.2.6The Directors may appoint one of their number who is resident in Jersey to be the Chairman of the board of Directors and may at any time remove him from that office. If there is no Director holding that office, or if the Director holding it is unwilling to preside at or is not present within five minutes after the time appointed for a board meeting, the Directors present may appoint one of their number to be Chairman of the meeting. The Chairman or, failing him, some other Director nominated by the Directors shall preside as Chairman at every general meeting of the Company, but if at any meeting neither the Chairman nor such other Director be present within a quarter of an hour after the time appointed for holding the meeting, or if neither of them be willing to act as Chairman, the Directors present shall choose one of their number to be Chairman, or if no Director be present or if all the Directors present decline to take the chair, the Shareholders present and entitled to vote shall choose one of their number to be Chairman.

3.10.3 *Directors' Interests*

3.10.3.1 Subject to the provisions of Jersey Companies Law, and provided that the Director has disclosed to the Directors the nature and extent of any material interests of such Director, a Director notwithstanding their office:

- (i) may be a party to, or otherwise interested in, any transaction or arrangement with the Company or in which the Company is otherwise interested or the interests of which may conflict with those of the Company;
- (ii) may be a director or other officer of, or employed by, or a party to any transaction or arrangement with, or otherwise interested in, any body corporate promoted by the Company or in which the Company is otherwise interested;
- (iii) shall not by reason of their office, be accountable to the Company for any benefit which the Director derives from any such office or employment or from any such transaction or arrangement or from any interest in any such

body corporate and no such transaction or arrangement shall be liable to be avoided on the ground of any such interest or benefit provided that, if and to the extent that the Director shall receive any fees from any such office or employment held as a direct result of any investment made by the Company, the Director shall account to the Company for such fees; and

- (iv) may act personally or by a firm in a professional capacity for the Company and the Director or their firm shall be entitled to remuneration for professional services as though he were not a Director.

3.10.4 **Remuneration**

The Directors shall be entitled by way of remuneration to up to £30,000 per Director per annum or to such greater remuneration as the Company may by ordinary resolution determine or in accordance with such agreements relating to the provision of the services of the Directors as shall be entered into by the Company from time to time and, unless such resolution or agreement provides otherwise, the remuneration shall be deemed to accrue from day to day.

3.11 **Indemnification of Officers**

In so far as Jersey Companies Law allows, every present or former officer of the Company shall be indemnified out of the assets of the Company against any loss or liability incurred by them by reason of being or having been such an officer. The Directors may, without sanction of the Company in general meeting, authorise the purchase or maintenance by the Company for any officer or former officer of the Company of any such insurance as is permitted by Jersey Companies Law in respect of any liability which would otherwise attach to such officer or former officer.

3.12 **Winding-up**

3.12.1 The Company shall be wound up on the next 7 July provided that the Company may, by ordinary resolution, resolve (prior to such date) to defer the winding up of the Company by a further period of one year company (a "**Deferral Period**") and, prior to the expiry of such Deferral Period, the Company may, by ordinary resolution, resolve to defer the winding up of the Company by further one year periods at the expiry of which the Company shall be wound up.

3.12.2 If the Company shall be wound up the liquidator shall, subject to Jersey Companies Law, apply the assets of the Company in such manner and order as they think fit in satisfaction of creditors' claims.

3.12.3 If the Company shall be wound up, the liquidator may with the authority of a special resolution and any other sanction required by Jersey Companies Law, divide among the members *in specie* the whole or any part of the assets of the Company and whether or not the assets shall consist of property of a single kind and may for such purposes set such value as they deem fair upon any one or more class or classes of property and, subject to paragraph 3.12.2 above, may determine how such division shall be carried out as between the members or different classes of members. The liquidator may with the like authority vest any part of the assets in trustees upon such trusts for the benefit of members as the liquidator shall think fit and the liquidation of the Company may be closed and the Company dissolved but so that no member shall be compelled to accept any shares in respect of which there is liability.

4. **Directors**

- 4.1 As at 22 November 2017, the interests of the Directors (and, so far as is known to the Directors having made all reasonable enquiries, any of their associates) in the Ordinary Shares are as set out in the following table.

Changes to entries on the register of members after 6.00 p.m. on Monday, 11 December 2017 (or, if the EGM is adjourned, 48 hours prior to the adjourned meeting) shall be disregarded in determining the rights of any person to attend, speak and vote at the EGM.

2. Appointment of Proxies

- 2.1 A member of the Company at the time set out in note 1 above is entitled to appoint a proxy to exercise all or any of their rights to attend, speak and vote at the EGM. A proxy does not need to be a member of the Company but must attend the EGM to represent the member. A proxy may only be appointed using the procedures set out in these notes and the notes on the Form of Proxy.
- 2.2 Appointment of a proxy will not preclude a member from attending the EGM and voting in person.
- 2.3 The notes on the Form of Proxy explain how to direct a proxy how to vote, or abstain from voting, on the EGM Resolution. To appoint a proxy using the Form of Proxy, the Form of Proxy must be completed, signed and returned to the Registrar at c/o The Pavilions, Bridgwater Road, Bristol, BS99 6ZY, so as to be received no later than 12 noon on Monday, 11 December 2017. Any power of attorney or other authority under which the Form of Proxy is signed (or a duly certified copy of such power or authority) must be included with the Form of Proxy.

3. Appointment of Proxy by Joint Members

In the case of joint holders, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder will be accepted. Seniority is determined by the order in which the names of the joint holders appear in the Company's register of members in respect of the joint holding (the first-named being the most senior).
