

Apex Clean Energy Announces Sale of 202 MW Sugar Creek Wind

Charlottesville, VA – December 21, 2018 – Apex Clean Energy today announced the sale of Sugar Creek Wind to a wholly owned subsidiary of Algonquin Power & Utilities Corp. The advanced-stage 202 MW project is located in Logan County in central Illinois. This fall, Apex secured a long-term contract with the Illinois Power Agency to provide renewable energy certificates to utilities in the state.

“Sugar Creek Wind demonstrates the Apex team’s proven ability to identify and advance projects with strong fundamentals, including access to transmission, exceptional resources, strong community support, and financeable offtake,” said Mark Goodwin, president and CEO of Apex.
