

THE
FOUNTAINGROVE CLUB

“The Fountaingrove Club provides an exceptional private Club experience and healthy lifestyle in a family environment that fosters fun, camaraderie and community.”

FORMERLY FOUNTAINGROVE GOLF & ATHLETIC CLUB, WE ARE NOW THE FOUNTAINGROVE CLUB.

The 2017 fire may have destroyed the clubhouse, but it did not destroy our culture nor our passion to deliver the best possible private club experience for you, your family and your guests.

We are open for business and we are so grateful to be given a second chance at creating the club of the future where we will continue our tradition of “One Club One Community”.

FITNESS AT THE FOUNTAINGROVE CLUB

The Athletic Club offers a full compliment of cardio and strength equipment and a variety of group classes offered throughout the day. Get a jump on your fitness goals with one of our personalized, motivating personal trainers at our Athletic Center. Let us help you achieve your weight loss goals, get in shape, play pain free golf and tennis, hit the ball further and have the endurance to outlast your opponents.

Our Nationally certified personal trainers work closely with you to develop programs to fit a very wide variety of needs. Our Athletic Center also offers a wide variety of Group Exercise Programs that are complimentary with your membership.

Last but not least, we invite you to bring the family and play some bocce, take a relaxing break in the Jacuzzi, play basketball or let the kids loose in the Kidd Zone while you workout.

GOLF AT THE FOUNTAINGROVE CLUB

Fountaingrove members have the benefit of playing this scenic Ted Robinson Sr. designed golf course that boasts spectacular views of Hood and Taylor Mountains and the rolling western hills of Santa Rosa Valley. Golfers are challenged by what are consistently viewed as some of the best greens in Northern California while roaming the incredibly manicured terrain. Eight sets of tees means that golfers of all levels will be sure to find an enjoyable test of their skills.

Our golfing opportunities include:

- Men's Club
- Women's Club
- Senior Men
- Executive League
- Women's Golf League
- Nine Hole Ladies Group
- Tournament & Golf Events
- Grove Invitational
- WGL Ladies' Invitational

AQUATICS AT THE FOUNTAINGROVE CLUB

The Fountaingrove Club maintains a family-friendly, 25-yard infinity pools which is open for recreational, as well as lap swimming daily. The pool is heated year-round and offers: private lessons, aqua aerobics, and swim clinics throughout the year. The pool deck is lined with relaxing chaise lounges and other chairs. We also offer a pool-side bar which offers drinks, snacks, beer on tap, and other drink specials.

Summertime makes our pool deck come alive with holiday barbecues, live music, and waterslides for the kids! These events not only provide families with great opportunities to meet and make new friends, but also to socialize in a fun and casual environment.

TENNIS AT THE FOUNTAINGROVE CLUB

Tennis is a big part of the experience at The Fountaingrove Club. Our property has five hard courts, and three of these are lighted for night play. We are one of the only facilities in Sonoma County with a Har-Tru clay court. We have many tennis clinics and programs for all ages and playing levels available through our head tennis professional Paul Shepherd.

Get in shape with our Cardio Tennis Program, meet new members at the Tennis Mixers, start your kids in our Youth Tennis Programs, participate in one of our Adult Tennis Leagues or just sign up for a court and have some fun.

Our vision for the future of the New Fountaingrove Club

Every new beginning comes from some other beginning's end. Seneca (Roman Philosopher)

We invite you to join us on our journey to build the “Club of the Future”, where the health and well-being of our members, our staff and the community is our mission, our vision and purpose.

Our new clubhouse will feature the most current and relevant amenities for all ages. We have considered the latest trends, assembled a team of experts to help us build the Club of the Future and most importantly, we know how to provide an exceptional member experience.

The Fountaingrove Club recently became one of America's Healthiest Clubs, a designation that recognizes our culture of health and wellness. The club is also being considered for the Audubon Signature Sanctuary certification program that recognizes golf courses that protect the environment and preserve the natural heritage of the game of golf.

One of America's Healthiest Clubs, September 2017

We are the club of the future

We care about our community, the environment, our staff and of course our members. We have been blessed to be given a second chance to rebuild our clubhouse and to continue our reputation as one of the finest private clubs in northern California.

We are very kid friendly and for many of our members, we are their home away from home and the first choice when it comes to recreating, socializing and dining.

- **We are good community partners.** Our club and members donate time and money to local community outreach programs that help the underserved and those in need.
- **We care about the environment** and are very sensitive to the importance of our precious resources and our long-term sustainability mission.
- **We take care of our family.** Our most important asset is our staff and we take care of them, so they can take care of you. The club fosters a healthy culture and attracts great people that are passionate about their job
- **We want the best for you.** Our long-range plan includes building amenities and offering member services that cater to golf and tennis enthusiasts, foodies, families with kids and active members of the community.
