This presentation may make forward-looking statements relating to such matters as continued growth prospects for the company, industry trends and product and technology initiatives.

+

These statements are based on currently available information and our current assumptions, expectations and projections about future events. While we believe that our assumptions, expectations and projections are reasonable in view of currently available information, you are cautioned not to place undue reliance on these forward-looking statements. Our actual results may differ materially from those included in this presentation, for a variety of reasons, including those described in the forward-looking statements and risk factor sections of our 10-Q and other filings with the Securities and Exchange Commission, which are available on our investor relations website. (http://investor.mercadolibre.com)

A reconciliation of Non-GAAP measures to the nearest comparable GAAP measures can be found in our second quarter 2018 earnings press release available on our investor relations website.

All of the information included in this presentation is updated as of June 30th, 2018. Except as may be required by applicable law, we assume no obligation to publicly update or revise our statements.

Percentages have been calculated using whole amounts rather than rounded amounts. This may cause some figures not to total due to rounding.
